Brain Teasers

Q: I come in different shapes and sizes. Parts of me are curved, other parts are straight. You can put me anywhere you like, but there is only one right place for me. What am I?

Q: What happens only in the middle of each month, in all of the seasons, except summer and happens only in the night, never in the day?

What are your options for care as you get older?

Uncle Frank and Auntie Edna have a lot in common. They're both getting older and live alone, and they both have lots of grandkids who love to spend time with them.

Because they know they need some extra help and support, with the help of their families, they've each chosen options for their aged care that suit them the best.

For Uncle Frank, he decided to move into an aged care home, where he gets some support with things like laundry and cleaning. He enjoys living near to his family and community, and joins in with a range of social activities with his mates at the residence.

For Auntie Edna, she wanted to stay in her home, where she receives some support from her local Home and Community Care service. She gets some help with cleaning, washing, shopping and cooking, and she's had a few things fixed around the house to make it easier for her to get around safely.

No matter what your aged care needs are, it's important to talk to your family to make sure you get the care that's right for you.

The Australian Government is working to ensure that all Australians have greater choice and flexibility when it comes to aged care and support.

You can get all the information you need from the My Aged Care website at www.myagedcare.gov.au, or by calling **1800 200 422** for a yarn.

You can watch older people talk about their experiences with aged care by visiting: www.youtube.com/user/fahcsia/videos

Caravan Park Update

It has been a busy time for the caravan park these past months. We have had plenty of travellers staying in the park and visiting the Convent Chapel and Courthouse Museum with many visitors commenting how great they are and well worth the visit. A lot of visitors came to see the wonderful display of wildflowers we had in the area.

Concreting around the place has been completed and there are now pathways around all the amenities blocks and in front of the camp kitchen. This will be a great improvement on the gravel pathways we had before.
