Officer Recommendation/Council Decision

Moved DP Morrissey seconded Cr L Hodder
That Council adopt the following Policy – Employment of an Employee’s Spouse/Partner or Family Member

Introduction:
It is not uncommon practice in smaller or remote areas for a husband or wife team (or partner) to be working for the same local government. This might occur as a consequence of the other being appointed to a senior position with the local government and the need (and availability) of suitable persons to do the second job on offer.

Disruption to the organization when they both move on can be fairly severe.

Objective
To install a transparent process for the selection of a new employee in the circumstance when one of the applicants is a relative or partner of an existing senior employee.

It is the intention of this policy to remove as far as possible any perception as to conflict of interest.

Policy Statement
That whilst acknowledging the provisions of Section 5.40 and 5.41 of the Local Government Act 1995, Council require the Chief Executive Officer to remove himself/herself from the selection process should one of the applicants for a position with the Shire be a spouse, partner or close relative.

Author: Glenn Bone, Acting Chief Executive Officer
Interest Disclosed: No interest to disclose
Date: 8 March 2007
Attachment: WALGA Systemic Sustainability Study Attachment 3 (Gold pages)
SSS Taskforce Bulletin Attachment 4 (Cream pages)

Background:
The Systemic Sustainability Study into Local Government report was released in December 2006. This report contained 41 recommendations all of which will be addressed by the WALGA initiated Systemic Sustainability Taskforce.

The winds of change for local government in Western Australia are blowing and it is important that Councillors and Chief Executive Officers maintain knowledge of what is going on to ensure that any changes that are influential are for the betterment of their local communities.

Statutory Environment:
Section 3.1 of the Local Government Act 1995 provides that the general function of the local government is to provide for the good government of persons in its district and section 2.7(2) provides that Council is to oversee the allocation of local government finances and resources and to determine the local government policies.

Strategic Implication:
Nil

Policy Implication:
Nil

Financial Implication:
The longer term outlook indicates that there may well be financial implications. For example, recommendation 28 proposes that if local governments don’t reach a certain standard (in this case in regard to asset management plans), they won’t receive future SPP road funding.
