RISK IMPLICATIONS

The Financial Activity report is presented monthly and provides a retrospective picture of the activities at the Shire. Contained within the report is information pertaining to the financial cost and delivery of strategic initiatives and key projects.

To mitigate the risk of budget over-runs or non-delivery of projects, the Chief Executive Officer (CEO) has implemented internal control measures such as regular Council and Management reporting and a quarterly process to monitor financial performance against budget estimates.

Minutes – Ordinary Council Meeting – Friday 29th August 2025

Materiality reporting thresholds have been established by Council of \$10,000 and 10% for budget operating and capital items to alert management prior to there being irreversible impacts.

It should be noted that there is an inherent level of risk of misrepresentation of the financials through either human error or potential fraud.

The establishment of control measures through a series of efficient systems, policies and procedures, which fall under the control of the CEO as laid out in the *Local Government (Financial Management) Regulations 1996 regulation 5*, seek to mitigate the possibility of this occurring.

These controls are set in place to provide daily, weekly and monthly checks to ensure that the integrity of the data provided is reasonably assured.

OFFICERS RECOMMENDATION

That Council receive the Statement of Financial Activity for the period ended 31 July 2025 in accordance with Regulation 34 of the Local Government (Financial Management) Regulations 1996.

Summary

That Council consider and adopt the 2025/2026 Annual Budget, Fees and Charges and Materiality, pending Ministerial approval for differential rating is received by the meeting.

Background

The Draft 2025/2026 Annual Budget has been compiled based on the objectives contained in the Strategic Community Plan and the Corporate Business Plan and to reflect Councils priorities in the coming year.

The proposed differential rates as proposed by Council and approved by the Minister for Local Government.

Comment

The budget has been prepared with a 8% increase in the rate in the dollar for all rating categories. A 5% discount will also be applied to ratepayers who pay in full on or before the first payment date. A \$15 discount will be applied to the rate record for ratepayers who pay instalments on time.

Fees and Charges mostly remained the same as last year except for some items which saw a small increase. Plant rates increased to account for the increase in fuel and insurance costs.

One significant change to Fees and Charges relates to a new item under Staff Housing (see second page of Fees and Charges). The Shire will charge pro-rata market rent to employees and subsidise it based on days worked and authorised leave. For example, if full days are worked or all leave is authorised, the employee will pay \$50 per fortnight rent. If the employee works no days or no leave is authorised, they will pay full market rent at \$750 per fortnight.

The estimated brought forward balance is \$7,136,089 which includes the repayment of flood damage from DFES. This amount is unaudited and will change as the Annual Report is completed.

The opening cash balance is \$1,930,864 which is low due to funds being held back by DFES. Therefore, the 2025/2026 budget was tightened as much as possible to maintain cashflow during the year. Many capital projects were cancelled and budgeted projects likely will not commence unless DFES reimburses us our money. A cashflow forecast has been prepared to monitor our cash balances as the year progresses.

Minutes – Ordinary Council Meeting – Friday 29th August 2025

The main construction focus for this year will be purchasing the Yalgoo Hotel, completing the LRCIP project on Yalgoo-Ningham Rd, RRG and RTR roadworks, the Town Hall and surfacing the Tennis Court.

Administration will continue to go paperless where possible and begin the process of moving to a new accounting system. There will also be many business processes and controls to implement based on appropriate accounting practices and recommendations from the Office of the Auditor General.

SHIRE OF YALGOO
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE YEAR ENDING 30 JUNE 2026

1. RATES (Continued)

(g) Objectives and Reasons for Differential Rating

All rateable properties within the district used predominately for non-rural purposes are rated according to its Gross Rental Value (GRV), all other properties are rated according to their Unimproved Value (UV).

The general rates detailed for the current financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget, the estimated revenue to be received from all sources other than rates, as well as considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

Further information regarding the adopted objects and reasons for the differential rating categories are outlined below.

Gross Rental Value (GRV)

Town Improved

This category consists of properties located within the townsite boundaries with a predominate residential, commercial and industrial use. This category is considered by Council to be the base rate by which all other GRV properties are assessed and have a different demand and requirement on shire services and infrastructure.

Townsite Vacant

This category consists of vacant properties located within the townsite boundaries that are vacant (no residential commercial or industrial structures built on the land). The rate in the dollar is the same as the Town Improved category however the minimum rate was resolved by Council at its Ordinary Council Meeting held on the 26 June 2020 from \$620 to \$290 per annum.

Mining Infrastructure

This category consists of particular improvements such as accommodation, recreation and administrative facilities, associates' buildings and maintenance workshops that are erected permanently. The object of the GRV rates associated with mining is to ensure that mining operators contribute to the maintenance of the Shire's assets and services to the extent that they use them and form a sector of ratepayers that essentially are transitory.

Unimproved Value (UV)

Pastoral / Rural

This rating applies to all pastoral leases and land with a predominate rural land use. The proposed rate is comparatively lower when compared to the mining / mining tenement and exploration / prospecting categories on the basis that the pastoral industry has minimum impact or requirement on the shire services and infrastructure.

Mining / Mining Tenement

This category applies to all mining leases located within the Shire. The proposed rate is comparatively higher when compared to the Pastoral / Rural category on the basis that mining operations require additional ongoing maintenance of the roads network that services this land use along with additional costs associated with the administration of mining

Exploration / Prospecting

This rating category applies to exploration, prospecting and other general-purpose leases located within the Shire. The proposed rate is comparatively higher when compared to the pastoral/rural category and lower than the mining tenement category on the basis that the mining operations require additional and ongoing maintenance of the road network that services the land use, the additional cost associated with the administration of exploration and prospecting leases and the shire wishes to encourage exploration.

SUMMARY

That Council consider the Chief Executive Officers general operation report.

COMMENT

Accounting System

We have reviewed three accounting systems and decided to go with Council First due to the cost of implementation and annual subscription fees. We will spend the next 12 months working with them to implement the software with the goal of going live on 1st July 2026.

Part of this move includes a dedicated electronic records management system. Further digitization will improve the turnaround time for Shire processes and allow for documentation to be provided to auditors in a more timely manner.

IT Services

The last change to these services saw Telstra as the only option for high-speed internet in the townsite. We are currently moving our internet service to Southern Cross Broadband from Telstra. The new service will be \$500 a month for 500Mbps compared to Telstra's \$1,937 a month for 50Mbps. The additional speed will allow us to expand bandwidth at the Caravan Park and prepare the Shire for cloud-based software.

We have also contracted Integrated ICT (Geraldton based) to perform our IT Managed Service and will no longer use Bridged due to costs and service levels. Integrated will begin working with us soon.

Industrial Agreement

Administration has sent a proposal to the Australian Services Union that was workshopped with Shire Employees. No response has been received.

Office of the Auditor General

As with previous audits, once the Shire was able to fully resource this process the OAG redirected its staff to the audit of State Government entities.

Hon Shane Love MLA

After the Member for the Mid-West visited Yalgoo on Thursday 31st July 2025 his office sent a letter to the Minister for Health regarding the absence of the School Dental Service in the Mid-West for the past 2 years. No response has been received

Minutes – Ordinary Council Meeting – Friday 29th August 2025

from the Dental Health Service however a response was circulated to the Shire this week.

It is extremely disappointing that a single dental position for the Mid West cannot be effectively managed by the State Government. This is particularly concerning when dental complications are the highest preventable form of hospitalization for the Mid West.

Flood Damage

Correspondence has been received from the Minister for Emergency Services relating to ongoing discussions of AGRN962 & AGRN1021.

Roadworks

The Federal Department of Infrastructure has been approached about a Local Roads and Community Infrastructure Program (LRCIP) extension. This will allow already approved and programmed Regional Road Group widening work to continue as planned alongside the sealing of the southern end of Yalgoo-Ninghan Road. A response is expected shortly.

Mid-West based Rescue Helicopter

Recent public comments from the State Government show they have no intention of expanding lifesaving services into the Mid-West or the rest of the State. The same 91% of the state's population that lives within a 30min drive of a hospital are now covered by newer and faster rescue helicopters except when they are working or travelling in regions other than the southwest. This flies in the face of State Coroner and Chief Health Officer recommendations and Yalgoo will continue to advocate for the expansion of this service.

Supreme Court Decision Mt Magnet – Miscellaneous Licenses

Correspondence has been drafted to the Local Government Minister and Legislative Council calling for measured debate and consideration of this issue.

Local Government Convention

4 Councilors are registered to attend the WA Local Government Association annual convention at the Perth Convention and Exhibition Centre between the 22nd and 24th September. Motions for debate are available on the WALGA website.

WA Local Government Grants Commission 2025 Road Information Return

As an asset preservation model is used to determine some allocations that make up Financial Assistance Grant payments it is important that up-to-date information is provided. A road condition and valuation pickup is being conducted this month and the timely provision of this information to the Grants Commission will ensure the local government is not missing out on road funding.

Bushfire Training

Fire Control Officer and other training courses will be attended by a limited number of staff in Perenjori in the first week of September. Other Brigade training will be carried out in Yalgoo through September and October. When we see a change in weather testing of the Shires 1.4 Tankers will be undertaken.

Yalgoo Hotel

As previously authorized by Council an advert has been circulated calling for proposals of a lease/management agreement for the operation of the Yalgoo Hotel.

Caretaker Period

The local government sector will enter its first legislated caretaker period on the 4th of September until the completion of October Ordinary Elections.

Yalgoo Hall

AI has been used to provide an example of red trimming on the Yalgoo Hall as part of the ongoing work.

Dear Mr Holland

I refer to your correspondence to the Premier of Western Australia dated 18 March 2025 regarding a range of issues you feel are significant to the Shire of Yalgoo (the Shire). As the Minister for Emergency Services, I can only comment on those issues that fall under my portfolio of responsibilities.

I understand the former Minister for Emergency Services wrote to you on 24 January 2025 regarding the Shire's application for Essential Public Asset Reconstruction funding through the Disaster Recovery Funding Arrangements Western Australia (DRFAWA). I am advised a meeting took place with the Department of Fire and Emergency Services (DFES) to better understand why the Shire's application for Australian Government Reference Number (AGRN) 962 and AGRN1021 was unsuccessful.

I am also aware of correspondence from the Fire and Emergency Services Commissioner's Counsel dated 5 May 2025 addressed to you and the Shire President stating the deficiencies in the Shire's DRFA application and subsequent letter to Civic Legal dated 20 May 2025 proposing a potential path forward that may avoid the need for Court action but does not deprive the Shire of its rights in that regard. I support the proposal to attempt to resolve this matter without the need for Court action.

Should there be sufficient grounds to constitute exceptional circumstances to apply to the Australian Government for additional time relating to your DRFAWA application, DFES will take those actions.

In relation to your concerns on the 1.4 Tankers, I understand both appliances have been returned to the Shire.

Thank you for taking the time to voice your concerns on the issues affecting your community.

Yours sincerely

Dear Mr Love

Thank you for your correspondence of 5 August 2025 to the Minister for Health in relation to the Murchison Regional School Dental Service and the current situation of the new mobile dental van. The Minister has asked that I respond on her behalf.

As noted in previous correspondence to you from the office of the former Minister for Health, a newly built mobile dental van was commissioned to replace the previous unit and enhance service delivery in the Murchison region. While the van was scheduled for completion in late 2024, Dental Health Services ultimately took delivery in March 2025 and proceeded to complete the installation and compliance testing of the dental equipment.

During the fit-out period, a manufacturing defect was encountered which will require the van be returned to the manufacturer for rectification works. Upon satisfactory completion of these remediation works, Dental Health Services will undertake further testing in the metropolitan area, prior to its deployment in regional Western Australia.

As is the case for other healthcare providers, Dental Health Services continue to experience challenges in the recruitment of clinical staff. This has been an ongoing challenge involving metropolitan, outer metropolitan and regional centres in Western Australia, including Murchison. We understand the unfortunate impact that this has on remote communities and assure you that every effort is being made to resolve this situation, including ongoing state and national recruitment strategies.

Dental Health Services continue to actively recruit to vacant dental officer positions within rural areas, including the Murchison position. Dental Health Service also continue to investigate the availability of Perth-based agency dentists willing and available to deploy to the location.

Should you wish to make further enquiries regarding the new dental van or dental services to the Murchison region, please feel free to contact Dr Paul Candy Manager, Community Dental Services on (08) 9313 0555.

Thank you for bringing this matter to the Minister's attention. I trust this information will be of assistance.

Yours sincerely

LOCAL GOVERNMENT FEATURES

This section seeks to capture the unique characteristics, responsibilities, and challenges faced by your local government. The information provided from this section will assist the Tribunal in understanding the diversity of local government operations across Western Australia.

This section is mandatory for any local government requesting a review of its current classification or seeking assessment to qualify for the Regional/Isolation Allowance. For a reclassification, responses should highlight circumstances or responsibilities that go beyond what is typically expected or that significantly exceed those experienced by other local governments within the same band.

This section is optional but encouraged for all other local governments to support comparative analysis and inform future classification reviews.

Please provide responses to all relevant questions in this section. Responses should be clear, specific, and evidence based. Where possible, include quantitative data, project names, locations, or policy references to support your descriptions. However, if some questions are not relevant for your local government, please enter 'n/a'.

Q31. Are there any current or planned major developments or infrastructure projects in your local government that involve significant financial investment, technical complexity or strategic risk (e.g. transport hubs, civic precincts, water infrastructure)?

Please include project names, estimated costs, timelines, and risk factors.

Water treatment project, \$200,000, within 5 years, risk of local startup mine contaminated town water Health services due to lack of service provided by State, \$300,000 per year, within 2 years, lack of regional LG funding

Q32. Has your local government experienced recent or ongoing changes in building or planning activity that has had a substantial operational or community impact?

Outline any recent or ongoing changes in development activity that have impacted council operations e.g. rezoning, infill development, high-density approvals. Consider volume, complexity or community impact

N/A

Q33. Are there any significant environmental responsibilities within your local government area (e.g. heritage-listed urban precincts, endangered species management, or environmental remediation obligations)?

Please include relevant legislation or partnerships if applicable

Our heritage buildings, native title, rubbish tip rehabilitation, depot remediation contaminated by State government, multiple mining batteries, asbestos removal across the Shire

Q34. Does your local government deliver services that go beyond what is typically expected for a council of your size (e.g. operating a regional airport, health services, or aged care)?

Explain why these services are necessary and how they are funded or managed.

After school activities for youth, 2 x airports, rubbish tips, local business (pub closing), health services, elections (non LG), housing, water treatment, emergency services, bush fire brigade with DFES in town

Q35. Does your local government include any major commercial or industrial precincts that attract significant economic activity from outside your boundaries?

Describe any precincts that attract significant external business activity e.g. logistics parks, industrial estates, retail centres. Include data on employment, traffic, or economic contribution.

No

Q36. Does your local government experience a significant seasonal increase in population due to tourism or temporary residents?

Please provide details on seasonal population changes, including peak periods, estimated visitor numbers, and associated service demands e.g. waste, ranger services, events; and mention any tourism strategies or infrastructure.

Tourism is busy from April to October and quiet outside these months

Q37. Are there any notable social or community challenges affecting your local government area (e.g. housing affordability, youth disengagement or community safety concerns)?

Please identify key social challenges affecting your community and include relevant statistics, programs, or partnerships.

Housing options, lack of health services, lack of emergency services, lack of social activities especially for youth, no banking facility, travel distance to get access to common services

Q38. Please describe any other unique features, responsibilities or circumstances that you believe the Tribunal should take into account when assessing your local government?

Use this space to highlight any other aspects that make your local government distinct (e.g. cultural diversity, geographic isolation, historical significance). This is an opportunity to present a holistic picture of your council's context.

A local government is effectively managing a small country. A regional local government performs many functions which should be provided by State and Federal governments. A regional government does this with only a CEO, DCEO and Works Manager. The responsibilities are significant and not reflected in pay rates. This impacts the pool of applicants and talent that can be attracted to the regions as similar salaries can be earned for roles with minimal responsibilities.

GENERAL

The following question is an opportunity for local governments to provide general feedback that has otherwise not been covered in other parts of the survey.

Q39. Please comment below if your local government has any general comments or feedback with respect to the current provisions in the determination:

Most people haven't experienced the difficulties managing areas the size of small countries in remote locations. It would be good to review these areas differently to capital cities and reflect pay accordingly. Capital cities, while they have their own issues, do have access to every service, every emergency service, every type of health care, a massive labour pool, excellent talent and skills etc. Regional local governments must manage these issues on top of normal ones.

AUTHORISATION

This section confirms that the survey responses have been reviewed and authorised by the appropriate representatives of the local government.

- The survey should be authorised by both the Chief Executive Officer (CEO) and the Mayor/President/Chair, where these positions are substantively filled.
- If either role is currently vacant or not occupied, please provide the details of the officer who has been formally authorised by your local government to complete and approve the survey on their behalf.
- Authorisation by both parties ensures the accuracy and integrity of the information provided and confirms that the responses reflect the position of the local government.
- Please also provide a governance contact who can be reached for any follow-up queries or clarifications. This contact should be familiar with the survey content and be able to liaise with the Tribunal secretariat if required.

SUMMARY

That Council consider correspondence received from the Perth Mint who are responsible for the care, control and management of the Paynes Find State Battery Site.

COMMENT

At the Ordinary Meeting on the 25th July 2025 Council Resolved to:

That Council authorize the development of an itemized report and private works estimate for the removal of advertising (physical and digital) relating to the Paynes Find Battery Museum for consideration at the next Paynes Find Ordinary Meeting.

While there are a number of instances that describe the Miners Pathway there is only one physical tourism related sign maintained by the local government. This Gold Battery Sign is at the intersection of the Paynes Find Town Road and Paynes Find Battery Road. Removal costs will be minimal and can be covered by the local government.

Other Shire managed publications describing the Gold Battery Museum include:
Shire Website
Assorted Tourism Brochures

External affiliates:
Australia's Golden Outback - Website and Publications
Murchison GeoRegion - Website and Publications

It is suggested that the Shire remove the physical sign at its cost and amend the Shires Website to describe the history of the battery site. Noting that Gold Corporation hold concerns for visitors.

Brochures, including those managed by the GeoRegion project, will not be expedited but amended prior to new versions being printed.

Dear Mr Holland

Request to Remove Tourism Signage - Paynes Find State Battery Site (R15209)

As you are aware, The Perth Mint is responsible for the care, control, and management of the Paynes Find State Battery Site (R15209) (**Site**).

The long-term lease over the Site, previously held by Mr and Mrs Taylor, expired on 30 June 2024. Since then, the Taylors have remained on the Site under a periodic tenancy arrangement to support a managed transition off the Site.

Under the terms of this tenancy, the Site is to be used strictly for mineral processing, and tourism activities are not permitted.

Further, as part of our ongoing management responsibilities, a recent preliminary site investigation identified several work health and safety (**WHS**) risks at the Site. These risks make the area unsuitable for tourism-related activities, particularly where members of the public are involved.

However, The Perth Mint has been made aware that tourism activities (museum tours) have continued at the Site.

As such, and in accordance with the provisions of the lease, The Perth Mint issued a formal notice to the Taylors on 20 May 2025 requiring them to immediately cease all tourism operations on the Site.

To support this and to mitigate ongoing risk to the public, we respectfully request that the Shire of Yalgoo remove any road signage and/or tourist information promoting the Site as a tourism attraction.

The health and safety of the community remains our highest priority. We appreciate your cooperation and assistance in ensuring the Site is not presented to the public as an accessible tourist destination.

If you have any queries or require further information, please do not hesitate to contact us at statebatteryconnect@perthmint.com.

Yours sincerely

14.3 Regional Development Australia (RDA) – Services Agreement

Applicant:	Shire of Yalgoo

Reporting Officer:	Ian Holland Chief Executive Officer

Attachments:	Services Agreement

SUMMARY

That Council consider a proposal from Regional Development Australia for a shared services agreement.

COMMENT

Included in the 2025/26 draft budget is a consultation allocation which can be used to carry out similar or strategic projects in conjunction with neighbouring local governments. Building on the Murchison Regions Regional Strategy (2023-2033) research, reports, advocacy and actions plans can be developed in areas of health, housing, industrial land and economic development.

From an example project conducted by Regional Development Australia each administration has a better understanding of duplications in tourism spending that occurs within the region. Supported by the Murchison Executive Group, this consulting arrangement would allow for empirical evidence to be collected to support each Shires anecdotal evidence in different areas. This would better inform advocacy or place the region in a better position to apply for grants from different spheres of government.

14.4 Proposal to Lease a portion of the Yalgoo Caravan Park

Applicant:	Shire of Yalgoo
Date:	20/08/2025
Reporting Officer:	Ian Holland Chief Executive Officer
Disclosure of Interest:	Nil
Attachments:	NRMA Proposal and mapping AVA - Valuation

SUMMARY

That Council consider a proposal to lease a section of the Yalgoo Caravan Park for usage as an Electric Vehicle Charging Station

COMMENT

A proposal has been received from NRMA Electric Highways Pty Ltd for the lease of a portion of Lot 200 DP191385 being approx. 16m x 6m of the northeastern corner of the Yalgoo Caravan Park Reserve.

The proposal and associated mapping are attached and a valuation has been sought allowing for the disposal to be considered under Section 3.58 of the Local Government Act 1995.

For comparison the Shire leases all of the dedicated infrastructure and bowzers of the Yalgoo Fuel Station for \$6000 per year (which would have originally been a large capital outlay for the local government). Profit margins are small for the sale of fuel, however there is a strong consistent demand for the product. At this stage most proposed charging infrastructure is heavily subsidized by State Government grants. Overheads would be high for the local government to operate something similar, and maintenance would have to be outsourced entirely resulting in significant downtime and mobilization for a lone operator of a single site.

Multiple locations were considered within the townsite, and Administration believes this to be optimal for a number of reasons. Proximity to the Caravan Park, Payphone Internet, Yalgoo Store and Public Toilets. It removes the need for foot traffic over the highway if people are charging in town. Land at the Art Centre is limited as the building was constructed up to the road reserve and is far from power infrastructure. As per the proposal all ongoing costs would be the responsibility of the lessee.

The RAC Electric Highway was used by the advocacy body as a way of demonstrating that electric vehicles could be used for long commutes and road trips. In much the same way NRMA appears to be utilizing government incentives to introduce this infrastructure to a region where no other company or organisation has invested any resources.

Any benefit to the Chief Executive Officer would be the same as any public user of this commercial infrastructure – it should however be noted that their ownership/use of an electric vehicle is not similar to the majority of people in the district.

The secondary attachment details a valuation of \$2,200 per annum rent. Based on average fast charger rates an operator would need to sell approximately 6000kWh per year which equates to charging 115 vehicles per year to recover costs for this amount of rent (33c/kWh charged at 70c/kWh). This only accounts for

electricity and does not include any capital cost recovery, maintenance, insurance etc. With this in mind it is suggested that the peppercorn proposal be accepted, Council could however seek rent for the second term. We may not necessarily know if this would impact on the viability of the proposal.

Electric vehicles as a percentage of all light vehicles in Western Australia has grown from approximately 0% to 1.58% over the past decade. The Australian Federal Government aims to have 50% of new car sales be electric by 2030. With only 3000 EVs registered outside the Perth metropolitan area more needs to be done to support electrification.

Proposed Disposition

Part of 11 Gibbons Street – Yalgoo Caravan Park Reserve

To NRMA Electric Highways Pty Ltd

Lease of northeastern section of Lot 200 on Deposited Plan 191385 detailed in the attached maps for use as an electric vehicle charging station (approximately 80 square meters).

For the Term of ten (10) years comprising of 2 five (5) year options.

A rental valuation describes that \$2200 per annum reflects the market value.

Consideration of \$1 per year (a peppercorn arrangement).

This proposal and any submissions received would then be considered at the next available Council Meeting.

STATUTORY ENVIRONMENT

Local Government Act 1995 – Section 3.58

(1) In this section —

dispose includes to sell, lease, or otherwise dispose of, whether absolutely or not;

property includes the whole or any part of the interest of a local government in property but does not include money.

(2) Except as stated in this section, a local government can only dispose of property to:

(a) the highest bidder at public auction; or

(b) the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.

(3) A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property —

(a) it gives local public notice of the proposed disposition —

(i) describing the property concerned; and

(ii) giving details of the proposed disposition; and

(iii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given; and

(b) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.

(4) The details of a proposed disposition that are required by subsection (3)(a)(ii) include —

(a) the names of all other parties concerned; and

(b) the consideration to be received by the local government for the disposition; and

(c) the market value of the disposition —

(i) as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or

(ii) as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition.

(5) This section does not apply to —

(a) a disposition of an interest in land under the Land Administration Act 1997 section 189 or 190; or

(b) a disposition of property in the course of carrying on a trading undertaking as defined in section 3.59; or

(c) anything that the local government provides to a particular person, for a fee or otherwise, in the performance of a function that it has under any written law; or

(d) any other disposition that is excluded by regulations from the application of this section.

Dear Ian,

Heads of Terms for proposed Licence from Shire of Yalgoo to NRMA Electric Highways Pty Ltd

Site: Yalgoo Caravan Park, Lot 200/DP191385, 11 Gibbons Street, Yalgoo WA 6635

Facility: NRMA Charging Station

NRMA has appointed Proptel to act on its behalf and secure suitable sites for installation and operation of Charging Stations as part of its Electric Vehicle Fast Charging Network.

NRMA is proposing to construct a new EV Charging Station in Yalgoo, as part of a joint-funded initiative between the Australian Government and NRMA, aimed to make regional areas of the country more accessible by raising current and future EV driver confidence through establishing a nation-wide network of chargers.

The property known as 11 Gibbons Street, Yalgoo has been identified as a potentially suitable location for the NRMA EV Charging Station. Should the Council agree to further discussions toward a licence, NRMA would propose terms and conditions as outlined below:

Licensee	NRMA Electric Highways Pty Ltd ABN 35 659 311 163
Licensor	Shire of Yalgoo, under Management Order. Full Name: Shire of Yalgoo Address: 37 Gibbons Street, Yalgoo WA 6635 Ph: 08 9962 8042 Email: shire@yalgoo.wa.gov.au
Land	The land contained in Certificate of Crown Land Title Folio Identifier LR3101/129 and known as 11 Gibbons Street, Yalgoo WA 6635
Type of Facility	EV Charging Station comprising 4 EV charging bays and 2 EV charging equipment bays.

Premises	An area of approximately 80 square metres being part of the land situated at 11 Gibbons Street, Yalgoo and shown in the location on the image attached .
Access to Premises	The Licensor will have access to the Licensed Area 24 hours a day, seven days a week to exercise its rights under the Licence.
Permitted Use	Installation, operation, repair and replacement of Charging Stations and ancillary purposes including generating photovoltaic electricity, operating an energy storage system, operating a payment system and installing and operating security monitoring devices.
Term	10 years
Option(s)	2 options of 5 years each
Commencement Date	To be confirmed.
Rent Commencement Date	On the commencement date of the Licence
Licence Fee	\$1 per annum plus GST, if demanded
Electricity	Separately metered supply from the relevant power company. Connection and power usage to be the responsibility of NRMA
Installation & Maintenance	The Licensee is responsible for the installation of the Charging Station on and in the Licensed Area, including all works ancillary to that installation and necessary or desirable (in the opinion of the Licensee) for the on-going operation of the Charging Station.
Legal & Other Costs	Each party must pay its own costs and expenses in connection with the preparation, execution, stamping and any necessary registration of this Licence and any related document. NRMA will contribute up to \$2,000 + GST to the cost of a Council valuation as required under Section 3.58 of the Local Government Act.
Licence Documentation	NRMA's standard licence for this type of facility will apply to this transaction. A draft licence will be prepared for your review once terms are agreed.

This offer is subject to:

- Licensor approval of preliminary plans;
- NRMA's final approval; and
- NRMA obtaining approval from any statutory authority or other relevant authority to enter into the Licence and construct its facility (if required).

Subject to tenure negotiations, design and power discussions, NRMA is targeting final design delivery by end of 2025 and construction in first half of 2026.

Should the Shire of Yalgoo wish to proceed with this proposal, we would ask that you please confirm your interest by signing and dating the last page of this Heads of Agreement and returning it to us **by email** tanya@proptel.com.au or **by post** PO Box 46, Fullarton SA 5063.

Please do not hesitate to contact me by email or phone on 0414 804487 should any further information be required at this stage, otherwise we look forward to hearing from you in due course.

14.5 Heavy Vehicle Network Application Morawa-Yalgoo Road

Applicant:	Shire of Yalgoo
Date:	23/08/2025
Reporting Officer:	Ian Holland Chief Executive Officer
Disclosure of Interest:	NIL

SUMMARY

That Council consider an application to amend the network capacity (heavy vehicle types) permissible on Morawa-Yalgoo Road.

COMMENT

Saltbush Contracting who freight ore for the Deflector Minesite (Vault Minerals) have applied through Main Roads WA for the southern 29.91km of Morawa-Yalgoo Rd to be added to the Heavy Vehicle Network for Performance Based Standards (PBS) Tri Drive vehicles PBS3B.3

This road is currently approved for 36.5m Tandem Drive Network 7 and Tri Drive Network 4 Vehicles.

This PBS configuration would result in a decrease in wear and tear by spreading the load more evenly across additional axles however the vehicles would also be longer with a maximum length of 42m.

The number of axles still has an effect on stock grids that were not designed for heavy vehicle traffic and conversations are being held with the freight originator. It should also be noted that there are no overtaking lanes through to Morawa for other road users to pass these longer vehicles.

This application limits the vehicle type from the Shire boundary to the Minesite, reducing the ability of other operators to take these sized vehicles on the road.

NOMINATION FORM

Any person or organisation can nominate a place to the Heritage Council to be considered for the *State Register under the Heritage Act 2018* (the Act).

Places that have been nominated may be considered for entry in the State Register of Heritage Places (State Register).

Not all places nominated to the Heritage Council go on to be assessed for the State Register. This is because places on the Register have to make an important contribution to understanding the heritage of Western Australia. Places are assessed against the HERCON factors which are provided at the end of this form.

If you think the place you want to nominate might be of local significance, you should contact your local government about their heritage provisions.

The information you provide in your nomination will help the Heritage Council decide if the place should be assessed further or if it is not likely to be of State significance so please provide as much information about the place as possible with your nomination. For details about the assessment process please see the State Register of Heritage Places brochure at www.dplh.wa.gov.au

Information in your nomination may also be added to the Heritage Council's Historic Heritage Places Database, or passed on to a local government so they can consider the place for their Municipal Heritage Inventory. It may also be used to provide support for a grant application.

The Heritage Council undertakes to keep all personal details regarding you (the nominating party) confidential and will not release any personal details, except to the extent required by law or with your consent.

Completing this form

Please fill in this form with as much detail as possible and provide specific details of any sources of information such as books or plans.

*The sections marked * must be filled in for your nomination to be accepted. Incomplete nominations will be returned for further information.*

12. FACTORS USED TO ASSESS CULTURAL HERITAGE SIGNIFICANCE

The *Heritage Act 2018* defines cultural heritage significance as aesthetic, historic, scientific, social or spiritual value for individuals or groups within Western Australia. State significance is assessed by considering various factors. Each place has its own unique combination of factors which together establish its contribution to understanding the heritage of Western Australia.

In determining whether a place has State cultural heritage significance the Council considers the following:

- (a) its importance in demonstrating the evolution or pattern of Western Australia's history;
 - (b) its importance in demonstrating rare, uncommon or endangered aspects of Western Australia's heritage;
 - (c) its potential to yield information that will contribute to an understanding of Western Australia's history;
 - (d) its importance in demonstrating the characteristics of a broader class of places;
 - (e) any strong or special meaning it may have for any group or community because of social, cultural or spiritual associations;
 - (f) its importance in exhibiting particular aesthetic characteristics valued by any group or community;
 - (g) any special association it may have with the life or work of a person, group or organisation of importance in Western Australia's history;
 - (h) its importance in demonstrating a high degree of creative or technical achievement;
 - (i) any other characteristic it may have that in the opinion of the Council is relevant to the assessment of cultural heritage significance.
- (2) A place may have cultural heritage significance despite lacking physical material that substantially contributes to its cultural heritage significance.

SUMMARY

That Council finalize the purchase of the Yalgoo Hotel.

COMMENT

In 2024 the Shire conducted a survey regarding the purchase and operation of the Yalgoo Hotel. After overwhelming positive feedback this concept was included in the Shires Strategic Community Plan and investigated further.

At the ordinary April Meeting held 2nd May 2025 Council resolved the following:

COUNCIL RESOLUTION – 2025-05-14

Moved: Cr Kieran Payne

Seconded: Cr Tamisha Hodder

That Council:

1. Forward authorise the spending of and include \$550,000 in the 2025/26 Annual Budget for the purchase of the Yalgoo Hotel including 34-40 Gibbons Street and 33 Campbell Street, Yalgoo WA;
2. Authorise the Chief Executive Officer to present an offer up to \$550,000 for the purchase of the described property upon receipt of the 2025/26 Financial Assistance Grant first installment; and
3. Authorises the Chief Executive Officer to negotiate the sale, with a final contract provided to Council for acceptance.

CARRIED: 4/0

As per the resolved authority the Chief Executive Officer presented an offer of \$535,000 which was considered acceptable by the owner. As such a settlement agent was engaged to prepare a final contract of sale which is attached for Councils authorization.

CONDITIONS

1. SUBJECT TO FINANCE

If the Buyer signs the "Finance Clause is not Applicable" box in the Schedule, or if no information is completed in the 'Finance Clause is Applicable' box in the Schedule, then this Clause 1 does not apply to the Contract.

If any information is completed in or the Buyer signs the 'Finance Clause is Applicable' box in the Schedule then this Clause 1 applies to the Contract.

1.1 Buyer's Obligation to Apply for Finance and Give Notice to the Seller

- (a) The Buyer must:
- immediately after the Contract Date make a Finance Application to a Lender or a Mortgage Broker using, if required by the Lender, the Property as security; and
 - use all best endeavours in good faith to obtain Finance Approval.
- (b) If the Buyer does not comply with Clause 1.1(a) or 1.1(c)(i) then the Contract will not come to an end pursuant to clause 1.2 and the Buyer may not terminate the Contract under Clause 1.3. The rights of the Seller under this Clause 1.1 will not be affected if the Buyer does not comply with Clause 1.1.
- (c) The Buyer must immediately give to the Seller or Seller Agent:
- an Approval Notice if the Buyer obtains Finance Approval; or
 - a Non Approval Notice if the Finance Application is rejected;
- at any time while the Contract is in force and effect.

1.2 No Finance Approval by the Latest Time: Non Approval Notice Given

This Contract will come to an end without further action by either Party if on or before the Latest Time:

- (a) the Finance Application has been rejected; or
- (b) a Non Approval Notice, is given to the Seller or Seller Agent.

1.3 No Finance Approval by the Latest Time: No Notice Given

If by the Latest Time the Seller or Seller Agent has not been given:

- (a) an Approval Notice; or
- (b) a Non Approval Notice;

then this Contract will be in full force and effect unless and until either the Seller gives written Notice of termination to the Buyer or the Buyer terminates this Contract by giving a Non-Approval Notice to the Seller or Seller Agent.

1.4 Finance Approval: Approval Notice Given

If by the Latest Time, or if Clause 1.5 applies, before the Contract is terminated:

- (a) Finance Approval has been obtained; or
- (b) an Approval Notice has been given to the Seller or Seller Agent;
- then this Clause 1 is satisfied and this Contract is in full force and effect.

1.5 Notice Not Given by Latest Time: Sellers Right to Terminate

If by the Latest Time an Approval Notice or a Non Approval Notice has not been given to the Seller or Seller Agent then at any time until an Approval Notice or a Non Approval Notice is given, the Seller may terminate this Contract by written Notice to the Buyer.

1.6 Buyer Must Keep Seller Informed: Evidence

- (a) If requested in writing by the Seller or Seller Agent the Buyer must:
- advise the Seller or Seller Agent of the progress of the Finance Application; and
 - provide evidence in writing of:
 - the making of a Finance Application in accordance with Clause 1.1 (a) and of any loan offer made, or any rejection; and/or
 - in the case of any Finance Application made to a Mortgage Broker, any "preliminary assessment" of the suitability of the proposed credit contract provided to the Buyer by the Mortgage Broker pursuant to section 116 of the Credit Protection Act; and
 - if applicable, advise the Seller or Seller Agent of the reasons for the Buyer not accepting any loan offer.
- (b) If the Buyer does not comply with the request within 2 Business Days then the Buyer authorises the Seller or Seller Agent to obtain from the Lender and/or Mortgage Broker the information referred to in Clause 1.6(a).

1.7 Right To Terminate

If a Party has the right to terminate under this Clause 1, then:

- termination must be effected by written Notice to the other Party;
- Clauses 23 and 24 of the 2022 General Conditions do not apply to the right to terminate;
- upon termination the Deposit and any other monies paid by the Buyer must be repaid to the Buyer;
- upon termination neither Party will have any action or claim against the other for breach of this Contract, except for a breach of Clause 1.1 by the Buyer.

1.8 Waiver

The Buyer may waive this Clause 1 by giving written Notice to the Seller or Seller Agent at any time before the Latest Time, or if Clause 1.5 applies, before the Contract is terminated. If waived this Clause is deemed satisfied.

1.9 Definitions

In this Clause:

Amount of Loan means the amount referred to in the Schedule, any lesser amount of finance referred to in the Finance Application or any lesser amount of finance acceptable to the Buyer. If the amount referred to in the Schedule is blank, then the amount will be an amount equivalent to the Purchase Price.

Approval Notice means a statement in writing given by the Buyer, a Lender or a Mortgage Broker to the Seller, or Seller Agent to the effect that Finance Approval has been obtained.

Credit Protection Act means the *National Consumer Credit Protection Act, 2009* (Cwth).

Finance Application means an application made by or on behalf of the Buyer:

- to a Lender to lend any monies payable under the Contract; or
- to a Mortgage Broker to facilitate an application to a Lender.

Finance Approval means a written approval by a Lender of the Finance Application, a written offer to lend or a written notification of an intention to offer to lend made by a Lender:

- for the Amount of Loan;
 - which is unconditional or subject to terms and conditions:
 - which are the Lender's usual terms and conditions for finance of a nature similar to that applied for by the Buyer; or
 - which the Buyer has accepted by written communication to the Lender, but a condition which is in the sole control of the Buyer to satisfy will be treated as having been accepted for the purposes of this definition; or
 - which, if the condition is other than as referred to in paragraphs (1) and (2) above includes:
 - an acceptable valuation of any property;
 - attaining a particular loan to value ratio;
 - the sale of another property; or
 - the obtaining of mortgage insurance;
- and has in fact been satisfied.

Latest Time means:

- the time and date referred to in the Schedule; or
- if no date is nominated in the Schedule, then 4pm on the day falling 15 Business Days after the Contract Date.

Lender means any bank, building society, credit union or other institution which makes loans and in each case carries on business in Australia.

Mortgage Broker means means a holder of an Australian Credit Licence pursuant to section 35 of the Credit Protection Act or a credit representative pursuant to sections 64 or 65 of that legislation.

Non Approval Notice means:

- advice in writing given by the Buyer or a Lender to the Seller, or Seller Agent to the effect that the Finance Application has been rejected or Finance Approval has not been obtained; or
 - advice in writing from a Mortgage Broker to the Seller or Seller Agent to the effect that:
 - they have made inquiries about the Buyer's requirements and objectives under this Contract;
 - they have conducted a "preliminary assessment" pursuant to sections 116 and 117 of the Credit Protection Act of the suitability of the credit contract proposed for the Buyer arising from the Finance Application; and
 - they have assessed that proposed credit contract as being unsuitable for the Buyer; or
- (2) the Finance Application to a Lender has been rejected.

- Acceptance of an offer by one Party to the other Party will be sufficiently communicated by the accepting Party to the other Party if verbal or written notification is given by the accepting Party or their Representative or Real Estate Agent that the accepting Party has signed the Contract.
- The 2022 General Conditions are incorporated into this Contract so far as they are not varied by or inconsistent with the Conditions or Special Conditions of this Contract.
- The parties consent to the information in this Contract being used/disclosed by REIWA and the Seller Agent in accordance with the privacy collection notices pursuant to the Australian Privacy Principles that appear on the REIWA and Seller Agent's websites.

SPECIAL CONDITIONS

- Annexure "A" Annexure of Changes to the 2022 General Conditions Caused by Changes to the Transfer of Land Act 1893 forms part of this Contract.
- Annexure "B" 2024 Plant & Equipment (Contents) Asset Schedule forms part of this Contract.

Valuation Risks & Threats

The outbreak of the Novel Coronavirus (COVID-19) was declared as a 'Global Pandemic' by the World Health Organisation on 11 March 2020. COVID-19 remains an unpredictable risk due to the lack of a vaccine that stops infection as well as its potential to mutate. While State and Federal Governments in Australia have stated that lockdowns are no longer a tool for controlling the pandemic this could change if case numbers escalate such that the health system comes under an unacceptable level pressure again, which could potentially lead to future lockdowns & global travel restrictions.

Valuations are current at the date of valuation only. The value assessed herein may change significantly and unexpectedly over a relatively short period of time (including as a result of factors that the Valuer could not reasonably have been aware of as at the date of valuation). We do not accept responsibility or liability for any losses arising from such subsequent changes in value. Given the valuation uncertainty noted, we recommend that the user(s) of this report review this valuation periodically.

The Russia/Ukraine war along with the continued unstable conditions in the Middel East and the international response to these, has pushed global inflation, which was already elevated due to COVID-19 supply chain issues, to historic levels. This has been felt most notably in the construction and energy sectors, with global oil and gas prices at their highest levels in over a decade, all of which has seen significant increases to construction costs across Australia and also globally. Australia is also experiencing historic low levels of unemployment and severe shortage of skilled trades, again effecting the cost of construction, particular in regional and remote locations around Australia.

QUALIFICATIONS

The valuation amounts contained in our Valuation Report are exclusive of the 10% Goods & Services Tax (GST). All valuation amounts contained in our Valuation Reports are in Australian Dollars (AUD), unless expressly stated otherwise.

In accordance with our standard practice, our valuations are solely for the use of the instructing party and to whom it is addressed. We take no responsibility for any third party that relies on the whole or any part of our valuations.

We must point out that neither the whole nor any part of our valuations, or any reference to, may be included in any documents, circular or statement without our prior approval of the form and context to which they are to appear.

Our valuations are prepared on the basis that full disclosure of all information and facts which may affect the valuation have been made to us, and we cannot accept liability or responsibility whatsoever for the valuation unless such full disclosure has been made.

No deduction has been made from our valuation in respect of any outstanding amounts owing under any finance leases or hire purchase agreements. The subject equipment has been valued as being wholly owned and free of all encumbrances.

This valuation has been prepared on the basis that full disclosure of all information and facts which may effect the valuation has been made to us. *Asset Valuation Advisory* do not accept any liability or responsibility whatsoever for the valuation if full disclosure has not been made. Furthermore, *Asset Valuation Advisory* do not accept responsibility for any consequential error or defect in the valuation which has resulted from any error, omission or inaccuracy in data or information supplied by the client or its officers and agents.

In reaching our opinion, *Asset Valuation Advisory* have utilised certain historical facts and relevant market data, available up to the date of our valuation. Our instructions did not require us to consider the effect of gains or losses, which may arise as a result of the future fluctuations in the property market. *Asset Valuation Advisory* therefore, do not except responsibility whatsoever, for losses caused by such fluctuations.

In accordance with the IVS General Standards 20 7 If, during the course of an assignment, it becomes clear that the investigations included in the scope of work will not result in a credible valuation, or information to be provided by third parties is either unavailable or inadequate, or limitations on investigations are so substantial that the valuer cannot sufficiently evaluate the inputs and assumptions, the valuation assignment will not comply with IVS.

Limitation of Liability

Nothing in this Agreement excludes, restricts or modifies any non-excludable statutory condition, warranty, guarantee, right, remedy or other benefit that is preserved by the *Competition and Consumer Act 2010 (Cth)* or any other statutory provision.

If the *Professional Standards Act 1997 (WA)* or similar state or federal legislation ("Act") applies to the limit our liability, then the Act overrides any clause in these terms that provides for a limit of liability in excess of the amounts provided by the Act but does not override any clause that provides for a limit of liability below the amounts provided by the Act.

To the maximum extent permitted by law, we exclude all warranties, conditions and/or terms, other than those expressly set out in this Agreement, including but not limited to, all warranties, conditions, and terms implied in fact or by law.

If we are liable for any breach of warranty, condition or term, then our liability is limited, at our option, to either resupply of the services or payment of the reasonable cost of having the services resupplied.

In all other instances, other than as set out in this Agreement, our total liability to you for any loss or damage (including indirect and/or consequential loss or damage) caused by, resulting from, or in relation to the Services, including, but not limited to, loss or damage arising from:

- (a) breach of contract;
- (b) negligence;
- (c) any tort;
- (d) equity;
- (e) any statutory provision; or
- (f) save for fraudulent or criminal conduct, any other conduct by us, (in each case, "Loss") and whether or not we were advised of the possibility of such Loss, is limited (to the extent permitted by law) to an amount equal to but no greater than the professional fee paid by you in respect of the Services to which the claim relates.

If *Asset Valuation Advisory* has more than one client under this engagement, you agree that our total liability to all clients under this engagement is limited in accordance with this clause, to be apportioned among the clients (including you).

To the maximum extent permitted by law, commencing on the earliest of one year from:

- (a) the date of completion of the Services;
- (b) the date of our final invoice for the provision of the Services; or
- (c) the date this Agreement is terminated, you release us from, and agree that you are estopped from commencing, any claim for any Loss in relation to:
- (d) the performance or non-performance of the Services; and
- (e) any act or omission in connection with the Services, whether in contract, tort (including negligence), equity, pursuant to statute or otherwise.

Indemnities

You agree to indemnify and hold harmless *Asset Valuation Advisory* from and against any loss (including legal fees on an indemnity basis), expense, damage, liability or claim by any person (including any third party) arising out of or in relation to:

- (a) any breach of your obligations under this Agreement; or
- (b) any willful, unlawful or negligent act of you, your offices, employees, agents or subcontractors in connection with this Agreement.

Market Movement

"This valuation is current as at the date of valuation. The value assessed herein may change significantly and unexpectedly over a relatively short period (including as a result of general market movements or factors specific to the particular property). We do not accept liability for losses arising from such subsequent changes in value. Without limiting the generality of the above comment we do not assume any responsibility or accept any liabilities where the valuation report is relied after the expiration of three months from the date of the valuation."

Our valuations takes into account the assets in its present state and condition, based on information which we have established from our own physical inspection, information supplied to us by our client, information we have researched from public records and any other information which we have been able to obtain from reasonable inquiry.

Valuation Risks & Threats

The outbreak of the Novel Coronavirus (COVID-19) was declared as a 'Global Pandemic' by the World Health Organisation on 11 March 2020. COVID-19 remains an unpredictable risk due to the lack of a vaccine that stops infection as well as its potential to mutate. Valuations are current at the date of valuation only. The value assessed herein may change significantly and unexpectedly over a relatively short period of time (including as a result of factors that the Valuer could not reasonably have been aware of as at the date of valuation). We do not accept responsibility or liability for any losses arising from such subsequent changes in value. Given the valuation uncertainty noted, we recommend that the user(s) of this report review this valuation periodically.

The Russia/Ukraine war along with the continued unstable conditions in the Middel East and the international response to these, has pushed global inflation, which was already elevated due to COVID-19 supply chain issues, to historic levels. This has been felt most notably in the construction and energy sectors, with global oil and gas prices at their highest levels in over a decade, all of which has seen significant increases to construction costs across Australia and also globally. Australia is also experiencing historic low levels of unemployment and severe shortage of skilled trades, again effecting the cost of construction, particular in regional and remote locations around Australia.

Any delays caused by COVID 19 lockdown restrictions, is not deemed as a Force Majeure Event. In the event of any State or Federal Government mandated lockdown or travel restrictions impacting site inspections being able to be carried out, we will mutually agree with the client for an acceptable extension to the project timeline.

FORCE MAJEURE

Neither party will be held liable for any delay or failure to perform any of its obligations where such a failure is caused by a Force Majeure Event (other than the obligation to pay money) if, as soon as reasonably possible after the beginning of the Force Majeure Event the affected party gives a notice to the other party which complies with the following:

- (i) Specifies the obligations that the party cannot perform,
- (ii) Fully specifies the nature of the Force Majeure Event,
- (iii) Estimates a time by which the Force Majeure Event may cease, and
- (iv) Specifies the measures that are to be adopted to remedy or abate the Force Majeure Event.

The party prevented from performing its obligations due to the Force Majeure Event must:

- (i) Remedy the Force Majeure Event to the extent reasonably practicable and resume performance of the obligations as soon as reasonably possible, and
- (ii) Take all reasonable action to mitigate any losses that may be suffered by the other party as a result of the failure of the first mentioned party to carry out its obligations imposed by this Contract.

Where the Force Majeure Event prevents that Contractor from performing its obligations under the Contract, the Principal may obtain the Goods or Services from another source at its own cost.

An amendment to the Delivery Date or Service Completion Date (as relevant) is the Contractor's sole remedy for any delays resulting from a Force Majeure Event. The Contractor will not be entitled to payment of any damages, costs or expenses of the Contractor relating to the Force Majeure Event.

If the Force Majeure Event proceeds for a continuous period of 30 days or for successive periods totalling more than 30 days in a 60 day period, the Principal may, at its absolute discretion, terminate the Contract. In the event of such termination the Principal will not be liable to the Contractor for any Claims, liability or damage resulting directly or indirectly from the termination.

Neither the whole nor any part of this valuation nor any reference thereto may be included in any documents, circular or statement without our approval of the form and context in which it will appear.

BASIS OF VALUATION

Market Rental Value

Market Rental Value is defined as “The estimated amount for which a property, or space within a property, should lease on the date of valuation between a willing lessor and a willing lessee on appropriate lease terms in an arm’s-length transaction, after proper marketing wherein the parties had each acted knowledgeably, prudently, and without compulsion”.

VALUATION METHODOLOGY

Highest and Best Use

The Market Value of the land has been determined on the basis of highest and best use. This method involves sourcing comparable rental evidence of similar type properties within the same or similar localities as the subject. This method takes into consideration factors such as location, zoning, land area, development potential and topography. Comparisons can be made in many forms including straight comparison, or analysis on a rate per area.

Valuation Approaches

In order to estimate the price implied by the appropriate Basis of Value, the Valuer will need to apply one or more valuation approaches. A valuation approach or method refers to generally accepted analytical methodologies that are in common use.

Market Based Valuation Approaches include:

Market based valuations normally employ one or more of the valuation approaches by applying the economic principle of substitution, using market derived data. This principle holds that a prudent person would not pay more for a good or service than the cost of acquiring an equally satisfactory substitute good or service, in the absence of the complicating factors of time, greater risk, or inconvenience. The lowest cost of the best alternative, whether a substitute or the original, tends to establish Market Value.

Sales/Rentals Direct Comparison Approach

This comparative approach considers the Sale/Rental of similar or substitute properties and related market data and establishes a value estimate by processes involving comparison. In general, a property being valued is compared with Sales/Rentals of similar properties that have been transacted in the market. Listings and offerings may also be considered.

Valuation Risks & Threats

The outbreak of the Novel Coronavirus (COVID-19) was declared as a 'Global Pandemic' by the World Health Organisation on 11 March 2020. COVID-19 remains an unpredictable risk due to the lack of a vaccine that stops infection as well as its potential to mutate. While State and Federal Governments in Australia have stated that lockdowns are no longer a tool for controlling the pandemic this could change if case numbers escalate such that the health system comes under an unacceptable level pressure again, which could potentially lead to future lockdowns & global travel restrictions.

Valuations are current at the date of valuation only. The value assessed herein may change significantly and unexpectedly over a relatively short period of time (including as a result of factors that the Valuer could not reasonably have been aware of as at the date of valuation). We do not accept responsibility or liability for any losses arising from such subsequent changes in value. Given the valuation uncertainty noted, we recommend that the user(s) of this report review this valuation periodically.

The Russia/Ukraine war along with the continued unstable conditions in the Middel East and the international response to these, has pushed global inflation, which was already elevated due to COVID-19 supply chain issues, to historic levels. This has been felt most notably in the construction and energy sectors, with global oil and gas prices at their highest levels in over a decade, all of which has seen significant increases to construction costs across Australia and also globally. Australia is also experiencing historic low levels of unemployment and severe shortage of skilled trades, again effecting the cost of construction, particular in regional and remote locations around Australia.

Market Rental Value

The Market Rental Value for the proposed subject Lease has been determined on the basis of comparable Rental Evidence with similar market characteristics where possible, taking into consideration the size, type of leased area, zoning, current use, quality of the improvements and the location.

Methodology Conclusions

In determining the current Market Rental Value of the property, Asset Valuation Advisory has considered the Market Rental comparison approach on a per annum and per square metre basis, taking into consideration the commercial location, current use and quality of the improvements. The market comparison method takes into consideration the current land use and characteristics of the subject property when compared to the Market Evidence.

VALUATION COMPLIANCE & STANDARDS

Asset Valuation Advisory valuations are prepared in compliance with the International Valuation Standards (IVS) IVS300 Plant, Equipment & Infrastructure and IVS400 Real Property Interests, which have also been adopted by the Royal Institute of Chartered Surveyors (RICS) Red Book and the Australian Property Institute Inc. (API) Professional Standards.

Where applicable our Valuation Reports are also consistent with the Australian Accounting Standards Board (AASB) accounting standards for the valuation of Tangible Assets.

TOWN PLANNING

The subject property is zoned Special Use is located within the Local Authority municipal boundaries of the *Shire of Yalgoo*. The assessed land has been given a Market Rental Value in accordance with the Shire of Yalgoo permitted use as outlined in the Town Planning District Scheme No. 2.

The Scheme aims will be in addition to the general objectives

- ✓ provide for future land use needs and townsite expansion
- ✓ identify future residential land to meet the needs of the private sector
- ✓ encourage new industries and businesses
- ✓ encourage tourism opportunities
- ✓ provides for mining activities
- ✓ protect the natural environment and biodiversity while ensuring appropriate development opportunities.
- ✓ promote sustainable management of natural resources including energy, water, land, minerals and basic raw materials by preventing land degradation and integrating land and catchment management with land use planning.
- ✓ and preserve, protect and enhance the natural and built environments.

MARKET RENTAL EVIDENCE

Rental Evidence Availability

This Valuation Report is based on information and Market Rental Evidence reasonably available to us at the date of valuation in accordance with standard valuation practice.

In some cases, the latest available Rental Evidence is provided verbally by real estate agents and other industry sources. It is specifically assumed that the information received by such sources in these instances is factually accurate.

Goods and Services Tax Status

In analysing the Evidence relied upon in undertaking this Valuation Report, we have attempted to ascertain whether or not the Sale and Rental prices are inclusive or exclusive of the Goods and Services Tax (GST). In regard to Sales & Rental Evidence, the Land Titles Offices (Landgate) in Western Australia, do not currently differentiate between or record whether or not the sale price is inclusive or exclusive of the GST. Where we have not been able to verify whether or not the GST is included, then we have assumed that it is inclusive of any GST payable. Should this not be the case, we reserve the right to amend this Valuation Report.

Privacy Issues

Due to privacy laws and or confidentiality agreements, we may not have been able to access personal details or parties involved in the transactions considered in connection with the preparation of this valuation report. Where this information is not available, we may not be able to confirm whether such dealings are arm's length transactions. This Valuation Report has been prepared assuming any such transactions are on an arm's length basis.

We further note that due to privacy laws and or confidentiality agreements, we may not have had access to information on recent transactions which have not yet become public knowledge. In the event that other transactions have taken place, this information may affect our opinion and we reserve the right to amend this Valuation Report.

Lease Area:	15m2
Description:	Car Parking Lease
Analysis:	Shows an overall rate of \$ 64/m2 pa

Comments: Bitumen sealed car bays for lease at \$ 80 per bay per month, each bay is approximately 15m2 car bay leased monthly.

MARKET RENTAL VALUE METHODOLOGY & CALCULATIONS

During our investigations we were unable to locate any comparable Electric Vehicle Charging Sites (EV) rental evidence to directly compare to the subject property. We have therefore based our assessment of the Market Rental Value on regional country-based car parking bay rental evidence and adjusted the above available market evidence to apply a market rental which in our professional opinion, best reflects the vacant unimproved ground rental value for the subject property.

In determining the Market Rental Value of the subject lease, we have investigated market evidence within regional country Western Australia, our investigations indicate that lease areas of bitumen sealed single car bays of 15m2 range between \$ 44 - 104/m2 pa. In our final assessment we have considered the rental evidence of Albany Geraldton and Bunbury and applied a 50-60% discount to this evidence to reflect the location of the subject lease.

Given the proposed lease area of unsealed 90m2, the sites' location, towns relatively small population and seasonal tourism we have discounted the above rental evidence and applied the following rates to arrive at the current market rental value for the subject proposed leased area net of all outgoings.

Calculations:

➤ 90m2 @ \$ 20/m2	\$ 1,800 pa net
➤ 90m2 @ \$ 25/m2	\$ 2,250 pa net
➤ 90m2 @ \$ 30/m2	\$ 2,700 pa net

Adopted Market Rental Value **\$ 2,200 Per Annum Net.**

Asset Valuation Advisory has not completed a physical site inspection of the subject Land Asset. Our Desktop Valuation has been based on the information provided by the client.

Should further information be supplied after this Desktop Valuation Report has been completed resulting in a significant variation to our original valuation, Asset Valuation Advisory reserve the right to amend our valuation amounts accordingly.

Asset Valuation Advisory has not conducted a physical inspection of the subject property, and we are unaware of any structural survey carried out by a qualified engineer. Therefore, the structural soundness of the improvement cannot be certified. The valuer's inspection does not constitute a structural survey and as such, any interested parties would need to make their own enquiries in this regard.

Real Estate values vary from time to time in response to changing market circumstances and it should therefore be noted that this valuation is based on information available at the date of valuation. No warranty can be given as to the maintenance of this value into the future. It is therefore recommended that the valuation be reviewed periodically.

Exclusions

The following items have been excluded from this valuation.

- ❖ Costs associated with any improvements, siteworks, power services etc.

GOODS AND SERVICES TAX

The Goods and Services Tax (GST) was introduced on the 1st July 2000, at which time rental payments for commercial leases are generally subject to the GST, except where deferred under transitional provisions which would expire on the 1st July 2005, at which time all commercial rental payments would be subject to the GST.

GST Liability

Liability for the GST on the purchase of property dependent upon:

1. Whether the vendor is registered for GST,
2. Whether the real property was sold as part of conducting an "enterprise",
3. If the sale of the real property can be classified as the sale of a "going concern", and
4. For residential property whether the real property has previously been sold.

Asset Valuation Advisory recommend that clients seek further information regarding the nature of the transaction, the parties involved and confirmation from a professional qualified accountant, in relation to any potential GST liability.

GST Basis of Valuation

The valuation amounts provided within this Valuation Report are exclusive of the 10% GST and assumes that there is no GST payable on the Sale/Rental of the real property.

ENVIRONMENTAL

Site Contamination for Land Assets (If Applicable)

As a consequence of the Contamination Sites Act 2003, a public register is now maintained in Western Australia on land that has been classified as being either contaminated or requires remedial work. Asset

Valuation Advisory has completed a basic searched of this register to identify if there is any effect to the land assets we have valued.

As at the date of this Valuation, should any of the subject land assets be deemed to be contaminated or requiring remedial work, we have made the appropriate adjustments to the land value, and this has been noted against the specific land holding. In circumstances where we have not been provided with a detailed Environmental or Remediation Report outlying the overall extent of contamination for any specific land asset, we cannot make the full allowances for decontamination of these land assets.

Native Title: ⁽²⁾

Native title is the recognition in Australian law that some Indigenous people continue to hold rights to their lands and waters, which come from their traditional laws and customs. Native title exists as a bundle of rights and interests in relation to land and waters where the following conditions are met:

- *the rights and interest are possessed under the traditional laws currently acknowledged and the traditional customs currently observed by the relevant Indigenous people*
- *those Indigenous people have a 'connection' with the area in question by those traditional laws and customs; and*
- *the rights and interests are recognised by the common law of Australia.*

The Australian legal system does not recognise native title rights in some areas where things have been done that extinguish native title. These areas include:

- *residential freehold*
- *farms held in freehold*
- *pastoral or agricultural leases that grant exclusive possession*
- *residential, commercial or community purpose leases*
- *public works like roads, schools or hospitals*

As at the date of valuation, Asset Valuation Advisory were unable to fully establish if any native title claim exists on the land.

Valuation Risks & Threats

The outbreak of the Novel Coronavirus (COVID-19) was declared as a 'Global Pandemic' by the World Health Organisation on 11 March 2020. COVID-19 remains an unpredictable risk due to the lack of a vaccine that stops infection as well as its potential to mutate. While State and Federal Governments in Australia have stated that lockdowns are no longer a tool for controlling the pandemic this could change if case numbers escalate such that the health system comes under an unacceptable level pressure again, which could potentially lead to future lockdowns & global travel restrictions.

Valuations are current at the date of valuation only. The value assessed herein may change significantly and unexpectedly over a relatively short period of time (including as a result of factors that the Valuer could not reasonably have been aware of as at the date of valuation). We do not accept responsibility or liability for any losses arising from such subsequent changes in value. Given the valuation uncertainty noted, we recommend that the user(s) of this report review this valuation periodically.

The Russia/Ukraine war along with the continued unstable conditions in the Middel East and the international response to these, has pushed global inflation, which was already elevated due to COVID-19 supply chain issues, to historic levels. This has been felt most notably in the construction and energy sectors, with global oil and gas prices at their highest levels in over a decade, all of which has seen significant increases to construction costs across Australia and also globally. Australia is also experiencing historic low levels of unemployment and severe shortage of skilled trades, again effecting the cost of construction, particular in regional and remote locations around Australia.

VALUATION

The valuation amounts contained in this Desktop Valuation Report are exclusive of the 10% Goods & Services Tax (GST) and are in Australian Dollars (AUD), unless expressly stated otherwise.

Subject to the overriding stipulations contained within this Desktop Valuation Report completed by Asset Valuation Advisory, the Land Asset are valued as follows.

Market Rental Value Range

Asset Class	Market Rental Value Range @ 18/8/2025
Land Asset	\$ 2,200 Per Annum Net
Total	\$ 2,200 Per Annum Net

Two Thousand Two Hundred Dollars Per Annum Net.

14.9 Meeting Fees and Superannuation

Applicant:	Shire of Yalgoo
Date:	21 July 2025
Reporting Officer:	Glenn Boyes – Deputy CEO
Disclosure of Interest:	NIL
Attachments:	NIL

SUMMARY

To determine the fees and allowances payable to members for 2025-2026 and decide if superannuation is to be paid to Councillors.

COMMENT

Members Fees and Allowances

The Salaries and Allowances Tribunal released its determination on 04 April 2025 which provided for a 3.5% increase to member's fees and allowances. There was no change to the ICT allowance or the kilometre rates.

The table below shows the proposed fees and allowances to be paid to Councillors for 2025-2026. The increase was calculated at 3.5% then rounded to the nearest \$5. For example, Committee Meeting fees calculated to be \$122.13 which was rounded to \$125.00 causing the percent change to increase from 3.5% to 5.9%.

Superannuation

The *Local Government Amendment Act 2024* allows local governments to make superannuation contributions to members from 01 February 2025. This is discretionary for Band 4 governments and must be adopted by absolute majority if Council decides to pay superannuation.

Superannuation will be paid on meeting fees and meeting allowances but not on other payments such as the ICT and travel reimbursements.

Councillors are not entitled to receive superannuation under certain circumstances, such as during periods when they are suspended and periods when they are not entitled to receive fees and allowances.

Councillors can opt out of receiving superannuation by providing notice in writing to the Chief Executive Officer.

The current superannuation guarantee rate is 12 percent from 01 July 2025.

Councillors would be required to provide similar details to those of an employee such as their tax file number for inclusion in the Financial System that manages the Shires payroll.

14.10 Disability Access and Inclusion Plan

Applicant:	Shire of Yalgoo
Date:	20/08/2025
Reporting Officer:	Glenn Boyes Deputy CEO
Disclosure of Interest:	NIL
Attachments:	NIL

SUMMARY

That Council adopt the Disability Access and Inclusion Plan Statement and Standards 2025 – 2030 (DAIP).

COMMENT

The Shire is required to review its Disability Access and Inclusion Plan every five years, which was done in June 2025. Public notices and an advert in the Bulldust were released in July 2025 informing the public the Shire was reviewing its DAIP and comments could be submitted.

The Shire received no comments from the public. As there is no issue to address the plan was designed as a statement and set of standards. In general, this requires us to provide disability access to any new or renovated building, disability access to be provided at events and to services, and disability access to public information.

DRAFT DISABILITY ACCESS AND INCLUSION PLAN

Statement and Standards

2025 – 2030

This Disability Access and Inclusion Plan is available in alternative formats upon request and includes in electronic format by email, in hard copy in both large and standard print, in audio on cassette or compact disc and on the website at www.yalgoo.wa.gov.au.

Introduction

The Shire of Yalgoo covers approximately 33,257.9 square kilometres of the Murchison Goldfields area of Western Australia's Mid-West region. Yalgoo town itself has a population of around 140 people with 422 people living throughout the Shire.

The main industries of the Shire are mining with more than \$500 million worth of production annually and pastoralism contributing around \$5.5M annually. Types of mining include gold, copper and iron ore.

Access and Inclusion Policy Statement

The Western Australia Disability Services Act 1993 requires all Local Governments to develop and implement a Disability Access and Inclusion Plan (DAIP). This document is intended to meet the requirement to develop and implement a set of standards to ensure that people with disability have equal access to its facilities and services.

Other legislation underpinning access and inclusion includes the Western Australia Equal Opportunity Act (1984) and the Commonwealth Disability Discrimination Act 1992, both of which make discrimination on the basis of a person's disability unlawful.

The Shire of Yalgoo is committed to ensuring that the community is accessible for and inclusive of people with disability, their families and carers.

The Shire interprets an accessible and inclusive community as one in which all Council functions, facilities and services (both in-house and contracted) are open, available and accessible to people with disability, providing them with the same opportunities, rights and responsibilities as other people in the community.

Planning for Better Access

The Shire of Yalgoo:

- recognises that people with disability are valued members of the community who make a variety of contributions to local social, economic and cultural life;
- believes that a community that recognises its diversity and supports the participation and inclusion of all of its members makes for a richer community life;
- believes that people with disability, their families and carers should be supported to remain in the community;
- is committed to consulting with people with disability, their families and carers and disability organisations in addressing barriers to access and inclusion;
- is committed to supporting local community groups and businesses to provide access and inclusion of people with disability; and
- is committed to achieving the seven standards of its DAIP (refer to the DAIP standards section below).

Development, Implementation and Evaluation

Responsibility for the Planning Process

The Chief Executive Officer has responsibility to oversee the development, implementation, review and evaluation of the plan. The final plan is endorsed by Council and it is the responsibility of all officers to implement the relevant actions.

Community Consultation

The Shire undertook a review of its plan in consultation with key stakeholders in order to determine further improvements to access and inclusion.

The process included:

- examination of the initial DAIP and subsequent progress reports to see what has been achieved and what still needs work
- consultation with key staff and the community

An public notice was put on our notice boards and an advertisement was placed in the July 2025 edition of the local newsletter advising the community the Shire was reviewing its DAIP and that a draft of the plan was available on the website. The notice stated it aims to address the barriers that people with disability and their families experience in accessing Shire functions, facilities and services, and invited community members to contact the Shire within the next 30 days to discuss and submit comments on the draft DAIP.

Implementation

The current DAIP will be adopted by Council and then publicly communicated through the Shire's Bulldust and website. Capital works required to align an asset with the DAIP will be performed during renovations or refurbishment.

The Shire is required to report the progress and results to the Department of Communities if any actions arise throughout the year related to the outcomes below.

DAIP Standards

The following standards have been designed to meet the legislative requirements, to meet the expectations of the community and to communicate the plan with all stakeholders.

Standard 1

The Shire will ensure:

- People with disability are provided with an opportunity to comment on access to services
- The objectives of the DAIP are incorporated into the Shire's strategic business planning, budgeting processes and other relevant plans and strategies
- Events are organised which are accessible to people with disability

Standard 2

The Shire will ensure:

- People with disability have the same opportunities as other people to access the buildings and other facilities of the Shire
- All future premises leased by the Shire are accessible
- All premises and other infrastructure related to transport facilities are accessible

Standard 3

The Shire will ensure:

- People with disability receive information from the Shire of Yalgoo in a format that will enable them to access the information as readily as other people are able to access it
- It raises awareness that information is available in alternative formats upon request
- It provides training to staff regarding accessible information needs and how to obtain information in other formats

Standard 4

The Shire will ensure:

- People with disability receive the same level and quality of service from the staff of the Shire as other people would
- It provides training to staff regarding disability and access issues and improve skills to provide a good service to people with disability

Standard 5

The Shire will ensure:

- People with disability have the same opportunities as other people to make complaints to the Shire of Yalgoo
- It provides training to staff so they can facilitate the receipt of complaints from people with disability

Standard 6

The Shire will ensure:

- People with disability have the same opportunities as other people to participate in public consultation by the Shire of Yalgoo
- It will continually monitor the DAIP to ensure implementation and satisfactory outcomes are achieved

Standard 7

The Shire will ensure:

- People with disability have the same opportunities as other people to obtain and maintain employment with the Shire
- It will use inclusive recruitment practices when advertising new positions

Key Achievements

Some of the key achievements the Shire has accomplished since the last review is as follows:

- Began the transition to digital allowing us to provide documents in even more accessible formats
- Have provided documents in accessible when requested to do so
- Constructed a new accessible Chalet at the Caravan Park
- Implemented an accessible website with further upgrades to be installed in the next twelve months
- The Shire has a diverse range of employees including people from differing age groups, race, and gender. The Shire also believes in neurodiversity and has employed people with neuro-developmental conditions

14.11 Sundry Debtor #20010 – Write Off

Applicant:	Shire of Yalgoo
Date:	25 August 2025
Reporting Officer:	Glenn Boyes – Deputy CEO
Disclosure of Interest:	NIL
Attachments:	NIL

SUMMARY

That Council consider the write-off the outstanding debt for Percy Lawson, debtor #20010, totaling \$62.70 as at 30 June 25.

COMMENT

The invoice was raised prior to 2019 before the Shire moved to Ozone software. The attached description in Ozone says “brought forward from Reckon” so it’s not clear when the debt was raised or what it was for. The Shire can no longer access Reckon software.

On 10/07/25, the CEO authorized to write-off the debt, however, upon review it was determined the debt must be written off by Council as per delegation 1.2.16(b).

Delegator: <i>Power / Duty assigned in legislation to:</i>	Local Government
Express Power to Delegate: <i>Power that enables a delegation to be made</i>	<i>Local Government Act 1995:</i> s.5.42 Delegation of some powers or duties to the CEO s.5.43 Limitations on delegations to the CEO
Express Power or Duty Delegated:	<i>Local Government Act 1995:</i> s.3.58(2) & (3) Disposing of Property
Delegate:	Chief Executive Officer
Function: <i>This is a precis only. Delegates must act with full understanding of the legislation and conditions relevant to this delegation.</i>	1. Authority to dispose of property to: (a) the highest bidder at public auction [s.3.58(2)(a)]. (b) the person who at public tender called by the local government makes what is considered by the delegate to be, the most acceptable tender, whether or not it is the highest tender [s.3.58(2)(b)] 2. Authority to dispose of property by private treaty only in accordance with section 3.58(3) and prior to the disposal, to consider any submissions received following the giving of public notice [s.3.58(3)].
Council Conditions on this Delegation:	a. Disposal of land or building assets is limited to matters specified in the Annual Budget and in any other case, a Council resolution is required. b. Public tenders not referred to Council are to have been advertised both locally and in a regional newspaper and received at least 3 tender responses. c. In accordance with s.5.43, disposal of property, for any single project or where not part of a project but part of a single transaction, is limited to a maximum value of \$250,000 or less. d. When determining the method of disposal: • Where a public auction is determined as the method of disposal: ○ Reserve price has been set by independent valuation. ○ Where the reserve price is not achieved at auction, negotiation may be undertaken to achieve the sale at up to a -10% variation on the set reserve price. • Where a public tender is determined as the method of disposal and the tender does not achieve a reasonable price for the disposal of the property, then the CEO is to determine if better value could be achieved through another disposal method and if so, must determine not to accept any tender and use an alternative disposal method.

1. Local Government Act 1995 Delegations

	- Where a private treaty is determined [s.3.58(3)] as the method of disposal, authority to: - Negotiate the sale of the property up to a -5% variance on the valuation; and - Consider any public submissions received and determine if to proceed with the disposal, ensuring reasons for the decision are recorded. e. Where the market value of the property is determined as being less than \$20,000 (F&G r.30(3) excluded disposal) may be undertaken: - Without reference to Council for resolution; and - In any case, be undertaken to ensure that the best value return is achieved however, where the property is determined as having a nil market value then, as a minimum, the disposal must ensure environmentally responsible disposal. f. Disposal of Property with a written down value of more than \$5000 must be included in the Annual Budget. g. For the trade-in of property where the purchase is worth less than \$75,000 the CEO can utilise the exemption provided by Local Government (Functions and General) Regulation 30(3).

Taken from www.legislation.wa.gov.au as at 16/07/2021

Division 1 — Things a notice may require to be done

1. Prevent water from dripping or running from a building on the land onto any other land.
2. Place in a prominent position on the land a number to indicate the address.
3. Modify or repair, in the interests of the convenience or safety of the public, anything constructed as mentioned in Schedule 9.1, clause 8, or repair any damage caused to the public thoroughfare or other public place mentioned in that clause.
4. (1) Ensure that land that adjoins a public thoroughfare or other public place that is specified for the purposes of this item by a local law —
 - (a) is suitably enclosed to separate it from the public place; and
 - (b) where applicable, is enclosed with a close fence, to the satisfaction of the local government, suitable to prevent sand or other matter coming from the land onto the public place.
- (2) The notice cannot be given to an occupier who is not an owner.
5. (1) Ensure that unsightly land is enclosed, to the satisfaction of the local government, with a fence or other means suitable to prevent the land, so far as is practicable, from being unsightly.
- (2) In this item —

unsightly, in relation to land, means having an appearance that, because of the way in which the land is used, does not conform with the general appearance of other land in the locality.
- (3) The notice cannot be given to an occupier who is not an owner.
- 5A. (1) Ensure that overgrown vegetation, rubbish, or disused material, as specified, is removed from land that the local government considers to be untidy.
- (2) In this item —

disused material includes disused motor vehicles, old motor vehicle bodies and old machinery.
- [5B. Deleted: No. 16 of 2016 s. 41.]
6. Take specified measures for preventing or minimising the movement of sand, silt, clay or rocks on or from the land if, in the opinion of the local government, that movement would be likely to adversely affect other land.
7. Ensure that land that adjoins a public thoroughfare or other public place that is specified for the purposes of this item by a local law is not overgrown.
8. Remove all or part of a tree that is obstructing or otherwise prejudicially affecting a thoroughfare that is under the local government's control or management and adjoins the land where the tree is situated.
9. Ensure that a tree on the land that endangers any person or thing on adjoining land is made safe.
10. Take specified measures for preventing or minimizing —
 - (a) danger to the public; or

1. Local Government Act 1995 Delegations

- (b) damage to property,
which might result from cyclonic activity.
- 11. Remove bees that are likely to endanger the safety of any person or create a serious public nuisance.
- 12. Ensure that an unsightly, dilapidated or dangerous fence or gate that separates the land from land that is local government property is modified or repaired.
- 13. Take specific measures to prevent —
 - (a) artificial light being emitted from the land; or
 - (b) natural or artificial light being reflected from something on the land,
creating a nuisance.
- 14. (1) Remove or make safe anything that is obstructing or otherwise prejudicially affecting a private thoroughfare so that danger to anyone using the thoroughfare is prevented or minimised.
- (2) In this item —
private thoroughfare has the same meaning as in Schedule 9.1 clause 7(1).

[Division 1 amended: Gazette 29 Apr 1997 p. 2144; amended: No. 49 of 2004 s. 72; No. 17 of 2009 s. 46; No. 16 of 2016 s. 41.]

9.2.2 WA Planning Commission – Powers of Local Governments - s.15 of the Strata Titles Act 1985 (DEL.2020/01)

29 January 2021

GOVERNMENT GAZETTE, WA

449

PL402

PLANNING AND DEVELOPMENT ACT 2005

INSTRUMENT OF DELEGATION

Del 2020/01 Powers of Local Governments

Delegation to local governments of certain powers and functions of the Western Australian Planning Commission relating to certain applications under the *Strata Titles Act 1985*

Preamble

Under section 16 of the *Planning and Development Act 2005* (the Act) the Western Australian Planning Commission (the WAPC) may, by resolution published in the *Government Gazette*, delegate any function under the Act or any other written law to a local government, a committee established under the *Local Government Act 1995* or an employee of a local government.

In accordance with section 16(4) of the Act, a reference in this instrument to a function or a power of the WAPC includes and extends to, without limitation or restriction, any of the powers, privileges, authorities, discretions, duties and responsibilities vested in or imposed on the WAPC by the Act or any other written law as the case requires.

Resolution under section 16 of the Act (delegation)

On 20 January 2021, pursuant to section 16 of the Act, the WAPC RESOLVED—

- A. TO DELEGATE to local governments, and to members and officers of those local governments, its powers and functions under section 15 of the *Strata Titles Act 1985* as set out in clause 1 of Schedule 1, within their respective districts, subject to the conditions set out in clause 3 of Schedule 1;
- B. TO DELEGATE to local governments, and to members and officers of those local governments, its powers and functions under sections 21 and 22 of the *Strata Titles Act 1985* as set out in clause 2 of Schedule 1, within their respective districts, subject to the conditions set out in clause 3 of Schedule 1;
- C. TO AMEND “Del 2020/01—Powers of Local Governments” to give effect to its resolution and to publish an updated, consolidated instrument.

SAM FAGAN, Western Australian Planning Commission.

Schedule 1

1. Applications made under section 15 of the *Strata Titles Act 1985*

Power to determine applications under section 15 of the *Strata Titles Act 1985*, except those applications that—

- (a) propose the creation of a vacant lot;
- (b) propose vacant air stratas in multi-tiered strata scheme developments;
- (c) propose the creation or postponement of a leasehold scheme;
- (d) propose a type 1 (a) subdivision or a type 2 subdivision (as defined in section 3 of the *Strata Titles Act 1985*);
- (e) in the opinion of the WAPC as notified to the relevant local government in writing, or in the opinion of the relevant local government as notified to the WAPC in writing, relate to—
 - i. a type of development; and/or
 - ii. land within an area,

which is of state or regional significance, or in respect of which the WAPC has determined is otherwise in the public interest for the WAPC to determine the application.

2. Applications under sections 21 and 22 of the *Strata Titles Act 1985*

Power to determine applications under—

- (a) section 21 of the *Strata Titles Act 1985*;
- (b) section 22 of the *Strata Titles Act 1985* where the amendment or repeal of scheme by-laws requires the approval of the WAPC.

3. Reporting requirements

A local government that exercises the powers referred to in clause 1 and/or clause 2, is to provide the WAPC with data on all applications determined under this Instrument of Delegation. This must be provided at the conclusion of each financial year in the format prescribed by the WAPC.

9.3 Main Roads Act 1930

9.3.1 Traffic Management - Events on Roads

A list of local governments authorised for Traffic Management for Events can be found on the Main Roads WA website <https://www.mainroads.wa.gov.au/technical-commercial/working-on-roads/authorised-bodies-events/>

**WESTERN AUSTRALIA
ROAD TRAFFIC CODE 2000
REGULATION 297(2)
INSTRUMENT OF AUTHORISATION**

**RELATING TO
TRAFFIC MANAGEMENT FOR EVENTS**

Pursuant to Regulation 297(2) of the *Road Traffic Code 2000* the Commissioner of Main Roads ("the Commissioner") hereby authorises (*Insert name of Local Government*) (Authorised Body") by itself, its employees, consultants, agents and contractors (together "Representatives") to, from the date indicated below, erect, establish, display, alter or take down such road signs of whatsoever type or class (except for permanent traffic control signals) as may be required for the purpose and duration of any:

- i) "event" subject to an order from the Commissioner of Police pursuant to Part VA of the *Road Traffic Act 1974*;
- ii) race meeting or speed test for which the Minister referred to in section 83 of the *Road Traffic Act 1974* has, under that provision, temporarily suspended the operation of any provisions of the *Road Traffic Act 1974* or regulations made under that Act; or
- iii) public meeting or procession the subject of a permit granted by the Commissioner of Police under the *Public Order in Streets Act 1984*;

or as may be required for the purpose of controlling traffic on a road adjacent to, or in the vicinity of, any event or organised activity approved by the Authorised Body under its local laws, on a road (other than a main road or highway) within its jurisdiction, SUBJECT ALWAYS to the following terms and conditions:

- (a) the Authorised Body shall at all times observe, perform and comply with the provisions of the "Traffic Management for Events Code of Practice" (as amended or replaced from time to time in consultation with the Traffic Management for Events Advisory Group) issued by Main Roads Western Australia ("the Code") referring to the version which is current at the time of the event, a copy of which can be obtained from Main Roads Western Australia from www.mainroads.wa.gov.au or by contacting Main Roads by phone;
- (b) the Authorised Body shall develop and implement procedures that will satisfy the Commissioner that traffic management implemented by the Authorised Body, its employees, agents and contractors will in all respects conform to and comply with the requirements of the Code; and
- (c) the Authorised Body shall ensure that its Representatives comply with the terms and conditions identified above at paragraphs (a) and (b) as if they were named in those paragraphs in place of the Authorised Body.

By executing and returning the acknowledgment at the foot of this authorisation, the Authorised Body agrees to observe, perform and comply with the above terms and conditions.

The powers in this Instrument of Authorisation do not change or replace:

- 1) any prior Instrument of Authorisation from the Commissioner of Main Roads for the purposes of undertaking traffic management for works on roads; and
- 2) any powers and responsibilities of a local government provided in regulation 9 of the *Road Traffic (Events on Roads) Regulations 1991*.

9.3.2 Traffic Management – Road Works

A list of Local Governments authorised for the purposes of Road Traffic Code 2000 r.297(2) are available on Main Roads WA website [here](#)

WESTERN AUSTRALIA ROAD TRAFFIC CODE 2000 REGULATION 297(2) INSTRUMENT OF AUTHORISATION

Pursuant to Regulation 297(2) of the Road Traffic Code 2000 the Commissioner of Main Roads ("the Commissioner") hereby authorises
("Authorised Body") by itself, its employees, consultants, agents and contractors (together "Representatives") to, from the date indicated below, erect, establish, display, alter or take down such traffic signs and traffic control devices of whatsoever type or class (except for permanent traffic control signals) as may be required for the purpose and duration of any works, survey or inspection, associated with the construction, maintenance or repair on a road (other than a main road or highway), any adjoining land or any portion thereof within its jurisdiction, SUBJECT ALWAYS to the following terms and conditions:

- (a) the Authorised Body shall at all times observe, perform and comply with the provisions of the "Traffic Management for Works on Roads Code of Practice" (as amended or replaced from time to time in consultation with the Traffic Management for Roadworks Advisory Group) issued by Main Roads Western Australia ("the Code") referring to the version which is current at the time of the relevant works, a copy of which can be obtained from Main Roads Western Australia from www.mainroads.wa.gov.au or by contacting Main Roads by phone;
- (b) the Authorised Body shall develop and implement procedures that will satisfy the Commissioner that traffic management implemented by the Authorised Body, its employees, agents and contractors will in all respects conform to and comply with the requirements of the Code; and
- (c) the Authorised Body shall ensure that its Representatives comply with the terms and conditions identified above at paragraphs (a) and (b) as if they were named in those paragraphs in place of the Authorised Body.

By executing and returning the acknowledgment at the foot of this authorisation, the Authorised Body agrees to observe, perform and comply with the above terms and conditions.

This Instrument of Authorisation replaces any prior Instrument of Authorisation under Regulation 297(2) of the Road Traffic Code 2000 between the Commissioner and the Authorised Body. The Commissioner's delegation dated 17 July 1975 to a number of Local Governments outside the Perth metropolitan area, is not affected by this Instrument of Authorisation except that this Instrument of Authorisation prevails wherever roadworks are concerned. That 1975 delegation was made under Regulation 301 of the Road Traffic Code 1975 and related to non-regulatory signage.

SUMMARY

That Council delegates the President to determine an independent person to carry out the CEO's performance review.

COMMENT

Every year, Council

STATUTORY ENVIRONMENT

Local Government Act 1995

5.38. Annual review of employees' performance

- (1) A local government must review the performance of the CEO if the CEO is employed for a term of more than 1 year.
- (2) The CEO must ensure that the performance of each other employee who is employed for more than 1 year is reviewed.
- (3) A review under subsection (1) or (2) must be conducted at least once in relation to each year of the person's employment.

5.39A. Model standards for CEO recruitment, performance and termination (1)

Regulations must prescribe model standards for local governments in relation to the following —

- (a) the recruitment of CEOs;
- (b) the review of the performance of CEOs;
- (c) the termination of the employment of CEOs.

Local Government (Administration) Regulations 1996, Schedule 2, Division 3

Division 3 — Standards for review of performance of CEOs

16. Performance review process to be agreed between local government and CEO

- (1) The local government and the CEO must agree on —
 - (a) the process by which the CEO's performance will be reviewed; and
 - (b) any performance criteria to be met by the CEO that are in addition to the contractual performance criteria.
- (2) Without limiting subclause (1), the process agreed under subclause (1)(a) must be consistent with clauses 17, 18 and 19.
- (3) The matters referred to in subclause (1) must be set out in a written document.

17. Carrying out a performance review

- (1) A review of the performance of the CEO by the local government must be carried out in an impartial and transparent manner.
- (2) The local government must —
 - (a) collect evidence regarding the CEO's performance in respect of the contractual performance criteria and any additional performance criteria in a thorough and comprehensive manner; and

Minutes – Ordinary Council Meeting – Friday 29th August 2025

(b) review the CEO's performance against the contractual performance criteria and any additional performance criteria, based on that evidence.

18. Endorsement of performance review by local government

Following a review of the performance of the CEO, the local government must, by resolution of an absolute majority of the council, endorse the review.

19. CEO to be notified of results of performance review

After the local government has endorsed a review of the performance of the CEO under clause 18, the local government must inform the CEO in writing of —

(a) the results of the review; and

(b) if the review identifies any issues about the performance of the CEO — how the local government proposes to address and manage those issues.

Part 2 – Performance Review

Principles

The standards regarding CEO performance review are based on the principles of fairness, integrity and impartiality.

Performance Review Standards

The minimum standard for performance review will be met if:

- S2.1** Performance criteria is specific, relevant, measurable, achievable and time-based.
- S2.2** The performance criteria and the performance process are recorded in a written document, negotiated with and agreed upon by the CEO and council.
- S2.3** The CEO is informed about how their performance will be assessed and managed and the results of their performance assessment.
- S2.4** The collection of evidence regarding performance outcomes is thorough and comprehensive.
- S2.5** Assessment is made free from bias and based on the CEO's achievements against documented performance criteria, and decisions and actions are impartial and transparent.
- S2.6** The council has endorsed the performance review assessment by absolute majority.

Guidelines

Section 5.38 of the Act provides that, for a CEO who is employed for a term of more than one year, the performance of a CEO is to be reviewed formally at least once in every year of their employment.

In addition to this minimum requirement, it is recommended that the council engages in regular discussions with the CEO regarding their performance against the performance criteria, including progress and ways that the CEO can be supported. Any changes to the CEO's performance agreement such as changes to the performance criteria should also be discussed, and agreed to, between the council and the CEO, as the matter arises.

Employment contract and performance agreement

Section 5.39, of the Act requires the employment contract to specify the performance criteria for the purpose of reviewing the CEO's performance. This will include ongoing permanent performance criteria. A local government may wish to have a separate additional document called a "performance agreement" which includes the performance review criteria in the employment contract, additional criteria (e.g. the performance indicators in relation to specific projects) and how the criteria will be assessed. The performance agreement should be negotiated and agreed upon by the CEO and the council. The performance agreement may also set out the CEO's professional development goals and outline a plan to achieve these goals.

Performance Criteria

Setting the performance criteria is an important step. One of the CEO's key responsibilities is to oversee the implementation of council's strategic direction, and so it is important to align the CEO's performance criteria to the goals contained in the council's Strategic Community Plan and Corporate Business Plan. Accordingly, as these plans are updated, the CEO's performance criteria should be updated to reflect the changes.

In leading the administrative arm of a local government, the CEO is responsible for undertaking core tasks, the achievement of which will contribute to the effectiveness of the council. It is important that the outcomes associated with these tasks are measurable and clearly defined. These could be in relation to:

- service delivery targets from the council's Strategic Community Plan
- budget compliance
- organisational capability
- operational and project management
- financial performance and asset management
- timeliness and accuracy of information and advice to councillors
- implementation of council resolutions
- management of organisational risks
- leadership (including conduct and behaviour) and human resource management
- stakeholder management and satisfaction.

Performance criteria should focus on the priorities of the council and, if appropriate, can be assigned priority weighting in percentages. The council and CEO should set goals related to target outcomes for future achievement in the performance criteria. Goals should be specific, measurable, achievable, relevant and time-based.

Following the determination of the performance criteria and goals, the council will need to determine how to measure the outcomes of each criterion. It is important to relate performance indicators to the selection criteria used in selecting the CEO. For example, if the CEO has been selected due to their financial experience and ability to improve the local government's finances, indicators regarding improved revenue and reduced expenses are obvious starting points.

Considering the context within which the local government is operating is important. For example, if a significant financial event occurs, such as a downturn in the economy, financial performance indicators will likely need to be adjusted. It is important that such contextual factors are given appropriate weighting and that goals are flexible to allow regular adjustment. Adjustments may be initiated by either the CEO or the council. Councils need to be realistic in terms of their expectations of a CEO's performance and provide appropriate resources and support to facilitate the achievement of performance criteria.

Performance review panel

It is recommended that the council delegates the CEO performance review to a panel (e.g. comprising certain council members and an independent observer). The panel has a duty to gather as much evidence as possible upon which to base their assessments. The role of the review panel includes developing the performance agreement in the first instance, conducting the performance review and reporting on the findings and recommendations of the review to council. It is also recommended that council develop a policy to guide the performance review process. A policy might include the composition of the panel, primary functions, the role and appointment of an independent consultant, and the responsibilities of review panel members.

Independent consultant

If a council lacks the resources and expertise to meet the expected standard of performance review, the council should engage an external facilitator to assist with the process of performance appraisal and the development of the performance agreement.

The local government should ensure that the consultant has experience in performance review and, if possible, experience in local government or dealing with the performance review of senior executives. The consultant should not have any interest in, or relationship with, the council or the CEO.

With guidance from the performance review panel, a consultant can facilitate the following tasks:

- setting performance criteria
- preparing the performance agreement
- collecting performance evidence
- writing the performance appraisal report
- facilitating meetings between the performance review panel
- assisting with the provision of feedback to the CEO
- formulating plans to support improvement (if necessary)
- providing an objective view regarding any performance management-related matters between the concerned parties.

Assessing performance

It is a requirement of the regulations that the process by which the CEO's performance will be reviewed is documented and agreed to by both parties. Council and the CEO must also agree on any performance criteria that is in addition to what is specified in the CEO's contract of employment. The option to include additional criteria for performance review purposes by agreement provides a degree of flexibility for both parties in response to changing circumstances and priorities.

It is essential that CEO performance is measured in an objective manner against the performance criteria alone. It is important that reviews are impartial and not skewed by personal relationships between the review panel and the CEO. Close personal relationships between the panel members and the CEO can be just as problematic as extremely poor relationships. Evidence of CEO performance may come from an array of sources, many of which the CEO themselves can and should provide to the council as part of regular reporting. These sources include:

- achievement of key business outcomes
- interactions with the council and progress that has been made towards implementing the council's strategic vision

- audit and risk committee reports
- workforce metrics (e.g. the average time to fill vacancies, retention rate, information about why people leave the organisation and staff absence rate)
- incident reports (e.g. results of occupational health and safety assessments, the number and nature of occupational health and safety incident reports, and the number and nature of staff grievances)
- organisational survey results
- relationships (e.g. with relevant organisations, stakeholder groups, and professional networks)
- insights from key stakeholders (this could be done by way of a survey to obtain stakeholder input).

It is important that, in addition to looking at the achievement of key performance indicators (KPIs), the council considers the following:

- How the CEO has achieved the outcomes. Whether or not their methods are acceptable and sustainable.
- The extent to which current performance is contingent upon current circumstances. Has the CEO demonstrated skills and behaviours to address and manage changes in circumstances which have affected his or her performance? (for example, the impact of COVID-19.)
- What the CEO has done to ensure the wellbeing of staff and to maintain trust in the local government.

The council should consider the attention the CEO has given to ensuring equal employment opportunity, occupational health and safety, privacy, managing potential conflicts of interest, and complying with procurement process requirements.

Addressing performance issues

Once the CEO's performance has been assessed, it is essential that any areas requiring attention or improvement are identified, discussed with the CEO and a plan is agreed and put in place to address these. The plan should outline the actions to be taken, who is responsible for the actions and an agreed timeframe.

The performance review panel must decide on an appropriate course of action that will address the performance issue. This may include professional development courses, training, counselling, mediation, mentoring or developing new work routines to ensure specific areas are not neglected. The performance review panel should then arrange for regular discussion and ongoing feedback on the identified performance issues, ensuring improvements are being made.

It is important to keep in mind that a local government falling short of its goals is not always attributable to the CEO. External factors may have resulted in initial performance expectations becoming unrealistic. Failure to meet performance criteria does not necessarily mean the CEO has performed poorly and, for this reason, performance and outcome should be considered separately. Where ongoing issues have been identified, the council will need to take a constructive approach and seek to develop the CEO's competency in that area.

While there are obligations on the council to manage the CEO regarding their performance, when it extends into potential wrongdoing (misconduct), the council should be referring the matter to the Public Sector Commission or Corruption and Crime Commission. This provides an independent process to follow and ensures probity, natural justice and oversight of allegations.

Confidentiality

The council must ensure that accurate and comprehensive records of the performance management process are created. Any information produced must be kept confidential.
