# COMMUNITY DEVELOPMENT

Elisha Hodder

PH: 0419 325 964 Email: [cdo@yalgoo.wa.gov.au](mailto:cdo@yalgoo.wa.gov.au)

Over the past few months we have been quite busy.

On the 27 October we had NDIS visit Yalgoo, they spoke about what they do and how they can assist people with disabilities living in remote community, those who wanted to know more about what they do, information can be found on their website [National Disability Insurance Scheme \(NDIS\)](https://www.ndis.gov.au) or contact 1800 800 100

On the 31 October the Yalgoo Shire, Yalgoo Primary School and the Yalgoo Police worked together to put on a Halloween blue light disco, we spent almost a whole week decorating the stadium, seeing all the kids dressed up was just to cute, the afternoon turned out pretty good if you ask me, the kids looked happy and I believe they enjoyed themselves as

they all left full of sugar, hypo and excited for Trick or treating around town

I would like to thank Glenn Boyes for supplying the big pumpkin bags full of sweets and goodies.

Aboriginal art information session was held on the 6th November, we had students from Yalgoo Primary School visit our Local Art Centre to learn a bit about Aboriginal art with our local artist Charmaine Simpson, Gladys Hodder and myself. It was good to see the students ask questions and show interest, and because of this visit we now have plans to do a Art Session at the School which we are all looking forward to.

BINGO Night was held on the 13th November, this was our 3rd time hosting. If anyone has any suggestion on what prizes we should look at getting please feel free to let me know as our next BINGO Night will be held in June 2026.

As this is our last edition for the year 2025, I would like to thank all those who have volunteered and supported my events and activities, these events would not be possible without your support, Thank-you.

That being said I would like to wish everyone a wonderful Christmas and a safe and happy new year. Until next year peace out..

## Gold Prospector Neil Frost Praised for Locating Missing 81-Year-Old Woman Near Yalgoo

*Yalgoo, WA* — A local gold prospector is being hailed as a hero after locating an 81-year-old woman, Wendy McGillivray who went missing from Geraldton on Thursday afternoon, sparking an overnight search across Yalgoo to Mount Magnet region.

Neil Frost, a gold prospector in the area, discovered the woman early Friday morning approximately thirty kilometres north of Yalgoo. She was found walking, slightly disoriented but otherwise in good health.

Mr Frost's timely intervention is being credited with preventing a potentially tragic outcome, transporting her back to Yalgoo where they were met by police. His familiarity with the terrain and instinct to check remote areas proved vital in the successful resolution of the search.

Sergeant Andrew Herangi, Officer in Charge at Yalgoo Police Station, praised Frost's efforts. "Neil's actions were outstanding. His local knowledge and willingness to assist made all the difference. We're incredibly grateful for his role in bringing this search to a safe conclusion."

Adding a personal note to the story, Neil Frost's son Adam is a serving police officer in Yalgoo, further highlighting the family's strong ties to the community.

The woman has since been reunited with her family, who expressed heartfelt thanks to all involved, especially Mr Frost.

Police continue to encourage residents to report missing persons promptly and to look out for vulnerable members of the community, particularly in remote areas.

Neil Frost, Wendy McGillivray and SC Adam Frost

## Tom Price Woman Rescued After Two Nights Lost in Payne's Find Bushland

A 49-year-old Tom Price woman has been safely located after spending two nights lost in remote bushland near Payne's Find on Friday night, thanks to a coordinated search effort by Yalgoo Police and Payne's Find Fire and Rescue.

The woman, identified as Kim Kerley, had been travelling alone when her vehicle suffered a flat tyre while driving on an isolated track. Unable to remove the damaged tyre, she attempted to find the main road but soon realised she was lost in dense bushland.

With only a mobile phone, Ms Kerley managed to contact Triple Zero, prompting WA Police to launch a search involving officers from Yalgoo Police Station. Using GPS coordinates shared via her phone, police navigated harsh terrain to reach her location and changed the flat tyre. Plans were made to drive her vehicle out toward the main highway, approximately seven kilometres away.

However, about 800 metres from the highway, the vehicle sustained a second flat tyre that could not be removed and subsequently overheated. With no way to move the vehicle and limited resources, police and Ms Kerley decided to remain at the scene until first light to seek further assistance.

At daybreak, Yalgoo Police contacted Payne's Find Fire and Rescue volunteers Gail Pilmoor and David Rocke, who attended and assisted in navigating everyone safely through dense bushland to the main highway.

Sergeant Andrew Herangi from Yalgoo Police described the ordeal as "an adventure," while reminding motorists:

*"Stick to the main tracks and don't create your own."*

Ms Kerley praised the efforts of Yalgoo Police and Payne's Find Fire and Rescue, expressing her gratitude for their professionalism and swift response in difficult conditions.

Police urge motorists to avoid travelling through remote bushland at night and to carry adequate supplies, including spare tyres, tools, and reliable communication devices, when driving in isolated areas and stick to the main tracks.

Constable Josh Jennings, Gail Pilmoor, Kim Kerley and David Rocke

IMPROVE YOUR MENTAL HEALTH & WELLBEING

## 10 TIPS TO HELP YOU STAY MENTALLY HEALTHY

### Reach out, connect and be a friend

Connect with people who bring out your best self and enrich your life. The quality of our personal relationships has a great effect on our wellbeing. Put time, effort and energy into building strong relationships and reap the rewards.

### Embrace nature

Being amongst nature is great for our soul, whether it's the bush, beach or backyard. Feeling connected to the great outdoors offers a sense of freedom, fresh air and adventure, plus the soothing natural elements around us are healing for weary minds.

### Organise your day

Being disorganised can build stress and anxiety. You may be able to avoid some of the triggers and learn to prepare for or manage others. A balanced, organised lifestyle can help you manage stress better. Take time to organise and plan your life to avoid being constantly in a frenzy.

### Go for a walk and move your body

There is no better medicine than exercise. It's not always easy to put on the joggers and head out for a walk - it takes motivation. But once you've made that effort, the reward is huge. Exercise clears your head and places you outside the environment that is causing you concern. Plus it's good for both mind and body!

### Take time out

Allow yourself some unfocused time each day to refresh; for example, let your mind wander, daydream or simply watch the clouds go by for a while. It's OK to schedule 'do nothing' to your day! You deserve some peaceful and calming time to yourself.

### See the funny side of life

Laughter is a wonderful medicine. Life isn't all work and no play. We get stuck in patterns and sometimes need to break out and ask ourselves - when did I last have a good laugh?

### Learn something new

Embarking on a challenge to meet a goal or learning a new skill or hobby, whether at work or at play, improves your mental fitness and may be a great way to meet like-minded people. Learning is achieving and with it comes a great sense of accomplishment and improved self esteem.

### Have an early night

**ZZZ** When your car runs low on fuel - you fill it up. When you run low on fuel make sure you do the same. Sleep is a great reviver. Late nights drain the energy reserves. Top up whenever you can.

### Eat healthy

Rest and exercise have limited use if you aren't eating well. Take time to plan your diet and cook meals that are nutritious and full of energy. Rushing around almost always results in "fast food" choices. Cooking can also be a therapeutic and creative process - you can get your kids involved too!

### Ask for support

This can be as simple as asking a friend to babysit while you have some time out or speaking to your doctor (GP) about where to find a counsellor, peer support group or community mental health service. Everyone's life journey has bumpy bits and the people around you can help. If you don't get the support you need first off, whether it's from a professional, friend or family member, keep asking until you do.
