- No planning applications have been received in the last 4 months.
- No Environmental issues have been identified in the last 4 months.
- The Shire employs a contracted staff member to handle statutory compliance issues on a monthly basis. It is planned to continue this approach.

Consultation
Megan Gammon - URBIS

Comment
Due to the low number of available lots yet to be released in the township of Yalgoo and none available in the Paynes Find precinct, it is prudent to plan for and create the opportunities for these areas to grow.

Whilst investigations are taking place into the residential UCL lots within Yalgoo, it has been noted that other forms of zoning would also be beneficial.

After discussions with West Australian Vietnam Business Council (WAVBC) the Shire President and I, URBIS were requested to investigate the option of creating ‘special rural’ lots to the north of
Yalgoo adjacent to the golf club consisting of approximately 7 lots of 5 acres each. This area is capable of town water supply, power and telephone connections. This will allow for horticultural development consistent with state planning development plans for our region. A request was also made from Paynes Find regarding the availability of land for further development which has the ability to increase the population and community within that area. URBIS will also investigate an option of providing some lots in Paynes Find.

Matter for Consideration

Adoption of the monthly financial statements.

Background

The Local Government Act and Regulations require local governments to prepare monthly reports containing the information that is prescribed and require the Chief Executive Officer to prepare a list of accounts paid.

Statutory Environment

Local Government Act 1995

Section 6.4—Specifies that a local government is to prepare such other financial reports as are prescribed.

Local Government (Financial Management) Regulations 1996

Reg 13(1)—Requires that where the Chief Executive Officer has delegated power to make payments from the Municipal or Trust funds a list of accounts paid is to be prepared each month.

Regulation 34 states:

(1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d) for that month in the following detail:

(a) annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c);
(b) budget estimates to the end of month to which the statement relates;
(c) actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
(d) material variances between the comparable amounts referred to in paragraphs (b) and (c);
(e) the net current assets at the end of the month to which the statement relates.

Sub regulations 2, 3, 4, 5 and 6 prescribe further details of information to be included in the monthly statement of financial activity.

Strategic Implications

Provision of timely accounting information to inform Council of the financial status and financial affairs of the local government.

Reports showing year to date financial performance allow monitoring of actual expenditure, revenue and overall results against budget targets.
Policy Implications
2.1 Capitalisation of Assets
2.4 Material Variance

Financial Implications
Payments from Council’s Municipal Account as disclosed in the budget or subsequently approved.

Consultation
Shire Accountants – Moore Stephens
Dominic Carbone – Dominic Carbone and Associates

Comment
The Shire utilises the services of accountants UHY Haines Norton to prepare the monthly financial statements in the statutory format and provide general accountancy support and advice.
A copy of the Statement of Financial Performance is included in the financial attachments with the investment register and schedule of payments.
The areas where material variances have been experienced (10% or $10,000 above or below budget) are commented on in the material variance attachment.

11.3.3 Report on Budget Amendment – Financial Contribution Towards Movie Production “The Decadent and Depraved”

**Matter for Consideration**

That Council amends the 2015-2016 annual budget to contribute towards the production costs of the movie ‘The Decadent and Depraved’.

**Background**

Prince-Wright Productions is a boutique non for profit film organization that aims to bring stories to life and has again been presented with a wonderful opportunity of yet again producing a film that has presented itself in the form of outback towns and the surrounding local shires. After the great success of the recent film 'Red Dirt' that was filmed in the remote location of Yalgoo (outback 8+ hours up North), 'Red Dirt' was showcased along with two other short films at the Sold Out Prince-Wright Productions Premiere end of last year.

The night created a buzz that is still being talked about now. The films showcased are now about to start their film festival run. We won’t know the results of these festivals until mid year through to the end of the year however some early film festivals have already picked up ‘Red Dirt’ including the New York Film Festival, Corona Film Festival, The Alembrha Theatre Film Festival etc. along with the film being talked about on radio stations which also offers extenstive promotion for the Shire/Town of Yalgoo. Prince Wright Productions are now beginning major pre-production on our next feature film.

The Feature Film “The Decadent and Depraved” is an Australian Western set in the 1880’s in rural and outback of Western Australia. The remote landscape and magical features in Yalgoo has the production team eager to come back and film. The magical Breakaways, the support from the station workers and their enthusiasm, support from the flying doctor/st John Ambulance, the incredible buildings and overall the amazing support from the Yalgoo Shire themselves has convinced the team to film 60-70% of the movie in Yalgoo.

With National leading combat choreographer Andy Fraser, Production Designer Dan Amperou and a great cast such as Michael Muntz (Country Practice) along with the sort after actor Ben Mortley (McLeods Daughters, Drift, Home and Away, Latana, Cloud street etc) and if all goes well Myles Pollard (Mcleods Doughters, Home and Away, Drift etc) the production team are looking forward to being able to include Yalgoo and its residents in this opportunity of yet again filming in and being supported by the Shire of Yalgoo.

**Statutory Environment**

*Local Government Act 1995*
6.8. Expenditure from municipal fund not included in annual budget

(1) A local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure —

(a) is incurred in a financial year before the adoption of the annual budget by the local government; or

(b) is authorised in advance by resolution*; or

(c) is authorised in advance by the mayor or president in an emergency.

* Absolute majority required.

(1a) In subsection (1) — additional purpose means a purpose for which no expenditure estimate is included in the local government’s annual budget.

(2) Where expenditure has been incurred by a local government —

(a) pursuant to subsection (1)(a), it is to be included in the annual budget for that financial year; and

(b) pursuant to subsection (1)(c), it is to be reported to the next ordinary meeting of the council.

Business Implications

$5,000.00 be contributed by the Shire towards the production costs of the movie “The Decadent and Depraved”. Funds to be reallocated from Account E132008 – Tourism Signage.

Consultation

Jordan Prince -Wright

Comment

Council previously donated $3,000.00 to the ‘Red Dirt’ production with great success not just for the movie but in the promotion of Yalgoo to the international community. A premiere night screening was also held in the Yalgoo community hall with great support from local residents. It would be highly advantageous for Yalgoo to continue in the promotion of our shire and showcase our local environment and geo-tourism options nationally and internationally.

Account No. E132008 Tourism Signage has $10,000 allocated in the 2015-16 Annual Budget and to date no expenditure has been incurred. Council is requested to give consideration to reallocate its sum of $5,000 from this account to make a contribution towards production costs of the movie “The Decadent and Depraved”.

Matter for Consideration

That Council give consideration to the disposal of the following property

- 10/1988 Ford E Series L9000, 6x4 Concrete Agitator
- 05/1991 JLG 60HA, Boom lift
- 04/2013 Auswide Equipment Dual Axle Trailer, Bitumen Sprays
- Home made Dual Axle Cement Mixer Trailer
- Concrete Batching Plant

Background

The above items have reached their useful life expectancy or have proven to no longer be required in our operations. The concrete truck has serious maintenance requirements and has a spare bowl on a trailer that could be transferred. However the size and cost of such is not seen to be valuable. A similar issue sits with the batching plant which requires various modifications to make safe for use.

The Boom lift was purchased prior to the current administration and was not certified as required by law. To have this carried out would be excessive in relation to the amount of use that could be utilised by such a piece of equipment.

The bitumen spray trailer unit was purchased new and has never been used. Contractors carry out all bitumen sealing works and there is no cost effectiveness in retaining a piece of plant that no one is trained for and requires specialised materials etc to operate.

Statutory Environment

Regulation 30(3) state

(3) A disposition of property other than land is an exempt disposition if —

(a) its market value is less than $20 000; or
