Matter for Consideration
Adoption of the Monthly Financial Statements.

Background
The Local Government Act and Regulations require local governments to prepare monthly reports containing the information that is prescribed.

Statutory Environment
Local Government Act 1995
Section 6.4—Specifies that a local government is to prepare such other financial reports as are prescribed.

Local Government (Financial Management) Regulations 1996
Regulation 34 states:
(1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d) for that month in the following detail:
(a) annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c);
(b) budget estimates to the end of month to which the statement relates;
(c) actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
(d) material variances between the comparable amounts referred to in paragraphs (b) and (c);
(e) the net current assets at the end of the month to which the statement relates.

Sub regulations 2, 3, 4, 5, and 6 prescribe further details of information to be included in the monthly statement of financial activity.

**Strategic Implications**

Provision of timely accounting information to inform Council of the financial status and financial affairs of the local government.

Reports showing year to date financial performance allow monitoring of actual expenditure, revenue, and overall results against budget targets.

**Policy Implications**

2.1 Capitalisation of Assets
2.4 Material Variance

**Financial Implications**

Payments from Council’s Municipal Account as disclosed in the budget or subsequently approved.

**Consultation**

- Statement of Comprehensive Income;
- Statement of Financial Position;
- Reserve Funds;
- Loan Funds;
- Trust Fund.

The areas where material variances have been experienced (10% or $10,000 above or below budget) are commented on in the material variance attachment.

Comment

The intent of the 3rd National Indigenous Economic Development Forum to be held in Darwin from 19th-21st October is best encapsulated in the statement by Leeanne Caton Executive Director, Office of Aboriginal Affairs, NT below:

“We acknowledge that Aboriginal and Torres Strait Islander cultures are the oldest continuing cultures on the planet and that they are globally significant. We respect and agree with Aboriginal people when they tell us they want to continue practising their cultures and customs and to keep their languages and lore strong but at the same time want economic development through business and jobs for themselves, their children and future generations”.

The conference is an opportunity to engage in discussions to progress these issues, and to network and form partnerships.

Topics include:

How to establish, grow and sustain Indigenous businesses
How to attract, recruit and retain Indigenous employees
Tools for creating job ‘readiness’ and ensuring effective transitions into the workplace
How to make the best use of Indigenous land for economic advantage
How to establish economically beneficial and collaborative partnerships
Some Key speakers at the event include:

- Nadine Williams, First Assistant Secretary – Community and Economic Development Division, Department of the Prime Minister and Cabinet
- C.T. (Manny) Jules, Chief Commissioner, First Nations Tax Commission, Canada
- Arihia Bennett, Chief Executive Officer, Te Rūnanga o Ngāi Tahu, New Zealand
- Leeanne Caton, Executive Director, Office of Aboriginal Affairs, NT
- Duncan Murray, Chief Executive Officer, Cape York Partnership
- Andrew Cowan, Deputy Chief Executive Officer, Department of Business, NT

Whist attending the Local Government Leadership Forum in Melbourne earlier this year, the Shire President and the CEO formed a relationship with representatives of the East Ardhem Regional Council attending the conference. It became obvious that their community has much in common with Yalgoo and stronger links with the Council should be encouraged as it will provide opportunities for information sharing. Therefore, Council is required to give consideration to meeting with representatives of the East Ardhem Land Council either at the conference or at their lands by invitation.

Should Council nominate elected members and a staff member to attend the forum there is a need to reschedule the October Ordinary Council Meeting from Friday 21st October to Thursday 27th October 2016 as the meeting and the forum are scheduled on the same dates.

Statutory Environment

Bush Fires Act 1954

(1) A local government may from time to time appoint such persons as it thinks necessary to be its bush fire control officers under and for the purposes of this Act, and of those officers shall subject to section 38A(2) appoint 2 as the Chief Bush Fire Control Officer and the Deputy Chief Bush Fire Control Officer who shall be first and second in seniority of those officers, and subject thereto may determine the respective seniority of the other bush fire control officers appointed by it.

(3) The local government may, in respect to bush fire control officers appointed under the provisions of this section, exercise so far as they can be made applicable the same powers as it may exercise in respect to its other officers, under the provisions of the Acts under which those other officers are appointed.
(4) A bush fire control officer appointed under the provisions of this section shall, subject to such directions as may be given by the local government, and subject to this Act take such measures as appear to him to be necessary or expedient and practicable for —

(5B) The bush fire control officer, or officer of the bush fire brigade, may by authority of any directions issued under subsection (5A) carry out the directions but subject to the provisions of this Act.

(5C) The provisions of subsections (5A) and (5B) are not in derogation of those of subsection (4).

(6) In this section —
   approved local government means a local government approved under subsection (7) by the FES Commissioner.

(7) If it appears to the FES Commissioner that the standard of efficiency of a local government in fire prevention and control justifies the FES Commissioner doing so, the FES Commissioner, by notice published in the Government Gazette —
   (a) may approve the local government as one to which subsections (6) to (18) apply; and
   (b) may from time to time cancel or vary any previous approval given under this subsection.

(8) An approved local government may appoint to the office of fire weather officer such number of senior bush fire control officers as it thinks necessary.

(9) Where more than one fire weather officer is appointed by a local government the local government shall define a part of its district in which each fire weather officer shall have the exclusive right to exercise the power conferred by subsection (17).

(10) An approved local government may appoint one or more persons, as it thinks necessary, to be the deputy or deputies, as the case may be, of a fire weather officer appointed by the local government and where 2 or more deputies are so appointed they shall have seniority in the order determined by the local government.

(11) Where the office of a fire weather officer is vacant or whilst the occupant is absent or unable to act in the discharge of the duties of the office, any deputy appointed in respect of that office under subsection (10) is, subject to subsection (12), entitled to act in the discharge of the duties of that office.

(12) A deputy who is one of 2 or more deputies of a fire weather officer is not entitled to act in the discharge of the duties of the office of that fire weather officer if a deputy who has
precedence over him in the order of seniority determined under subsection (10) is available and able to discharge those duties.

(13) The local government shall give notice of an appointment made under subsection (8) or (10) to the FES Commissioner and cause notice of the appointment to be published at least once in a newspaper circulating in its district and the FES Commissioner shall cause notice of the appointment to be published once in the Government Gazette.

(15) Where a committee is appointed, a fire weather officer, or, as the case may be, a deputy of a fire weather officer while acting in the place of that officer, may exercise the authority conferred on him by subsection (17), notwithstanding the advice and assistance tendered to him by the committee.

(16) The provisions of subsections (6) to (18) are not in derogation of those of any other subsection of this section.

(17) A fire weather officer of an approved local government, or a deputy of that fire weather officer while acting in the place of that officer, may authorise a person who has received a permit under section 18(6)(a), to burn the bush in the district of the local government notwithstanding that for any day, or any period of a day, specified in the notice the fire danger forecast issued by the Bureau of Meteorology in Perth, in respect to the locality where the bush proposed to be burnt is situated, is “catastrophic”, “extreme”, “severe” or “very high”, and upon the authority being given the person, if he has otherwise complied with the conditions prescribed for the purposes of section 18, may burn the bush.

(18) Subsections (6) to (18) do not authorise the burning of bush —

Comment

The National Local Roads and Transport Conference provides a platform to engage with the Federal Government and opposition on road and infrastructure policies and initiatives. Given the increase physical pressure of the Federal Government and recent Budget decisions such as the freeze to the indexation of Financial Assistance Grants, it is more important than ever that Local Government present a united front when dealing with the Government on road and transport issues, particularly funding.

In view that the Shire’s road network is a shared responsibility between the council and its officers, this is demonstrated by the representation on the local road group that the Shire belongs in. It is recommended that a member of the Council and a staff member attend the conference.

Comment

The aim of the Wild Dog Bounty Scheme is for the reduction of Wild Dog numbers through a coordinated program. In order that the program can be initiated it is important that Council determines the terms and conditions in relation to it. To assist the Council attached are the terms and conditions determined by the MRBA for a bounty trial and reports prepared by the Shire of Murchison in relation to their Wild Dog Bounty Scheme.

Determining the terms and conditions may be time consuming matter therefore it is recommended that Council may wish to appoint a working group comprising of elected members, the CEO and an independent advisor to undertake the task and report to Council accordingly. Alternatively the Council needs to determine the broad parameters to be addressed in preparing the terms and conditions so that the Shire officers may prepare a draft for Council consideration at the next Ordinary Council Meeting. Matters that need to be addressed are as follows:

- Eligible applicants
- Eligible properties
- Bounty reward
- Proof of eligibility
- Collection point
- General conditions  
- Record sheets and claim forms  
- Declarations

Report on Consultation Paper Regional Subsidiaries Legislation

Matter for Consideration
To consider the report and make a submission in relation to the Regional Subsidiaries Legislation.

Background
The consultation paper is an imitative of the Western Australian Department of Local Government and Communities. It is supported by the Liberal National Governments Royalties for Regions program for the purpose of improving Local Government services in regional area.

Currently two or more local governments may form a Regional Local Government which is highly structured and administratively top heavy (similar to forming a local government or they can form a Voluntary Regional Organisation of Councils (VROC), an association under the association, however, the legislation does not allow for the destruction of profits to its member Local Government. The above allows for Local Government to form collaborative organisations for the delivery of projects, services and activities.

Statutory Environment
The State Government proposes to amend the Local Government Act 1995 to provide local governments with the power to form bodies known as regional subsidiaries which is not as administrative top heavy as a regional local government.

Strategic Implications
Provide a mechanism by which 2 or more local governments can form regional subsidiaries for the purpose of resource sharing to deliver various services to it’s district.

Consultation
Nil

Comment
The advantages of Local Government having the ability to from regional subsidiaries are that it requires a lower level of legislative compliance. It requires that a “Charter” (constitution) the approval of the Minister and the local governments restoring to form the regional subsidiary and take the following actions:

- Preparation of a business plan
- Business plan to be posted on the local governments websites
- Statewide public notice of the proposal
A period of 6 weeks to inspect the business plan for members of the community to make submissions on the proposal

Submissions received to be considered by its constituted local governments
The Department of Local Government and Communities is seeking feedback from Local Governments on its appropriateness of the following proposals and or whether alternative approaches should be taken on particular issues.

1. Local Governments are to consult with districts prior to proposing a regional subsidiary
2. The procedure for approving a Charter
3. The procedure for amending a Charter
4. Employers of regional subsidiary-long service leave and superannuation
5. Conflict of Interest must be reported
6. Minister can investigate a regional subsidiary and issue directions
7. Minister can wind up a regional subsidiary
8. A regional subsidiary is subject to the directions of its constituted Councils
9. Subsidiary must provide information to constituted councils when requested
10. Subsidiary must prepare annual budgets and financial statements
11. Liabilities of regional subsidiary guaranteed by constituted local governments
12. Charter must address what occurs when a regional subsidiary is insolvent
13. Protection from liability
14. Limits an investment and Corporate acquisition
15. Tender requirements apply to the regional subsidiary
16. Charter to adhere certain matters

- Membership of the subsidiary
- The specific powers of the subsidiary
- How documents should be executed in the subsidiary’s name
- The constituency of the Board
- How the meeting procedures of the board are to be determined
- Financial reporting requirements
- General reporting requirements
- Access to information by the constituent councils
- Dispute resolution between constituent councils
- Process of winding up
- Any circumstances in which the subsidiary must cease activity and commence winding up
- How the constituent councils may issue directions to the regional subsidiary
- Whether the charter may be amended and if so, how this should occur
The Department is seeking feedback on its proposal by Local Governments completing a Stakeholder Survey. The Survey has been completed (refer to pages 35-39 of its attachments) and Council is requested to review the responses accordingly.
