2. Sponsorship of individuals will not be considered, unless it is determined by Council that –
   - the person is representing the Shire as a community,
   - is acting for the Shire’s benefit to some extent, and
   - is authorised by a non-profit and non-government organisation which benefits the community.

1. The following Policy Schedules are adopted, and form part of this Statement –

   - 7.7 (b) – Criteria for Assessment of Requests

Policy Schedule 7.7(a) – Request for Support

Comment
Whilst Council Policy 7.7 requires additional information, the Council may decide to waive the requirement on the basis that the Club has only recently re-established itself. The Club also satisfies the criteria set in the policy.

The Club is requesting financial assistance of $5,000 per annum over the next 3 years commencing from 2019-20 financial year. The funds will enable the club to hold member days and regional shooting matches which it anticipates to draw competitors and visitors to Yalgoo.

Council may give consideration to making a year by year contribution or alternately for a three year period. In view that the club as only recently reformed and Policy 7.7 details the information to be supplied with the application it is recommended that the club be funded for the first year, this will enable the club to make further applications in subsequent years and provide the information required to Council.

Regulation 18A of the Local Government (Administration) Regulations 1996 sets out the advertising requirements for the recruitment of a CEO. Prior to initiating the process of advertising for the position, it must first be approved by the Council.

The following options are available to Council to assist in the appointment of a CEO

- Management of the recruitment process internally.
- The process can be managed by the President and the outgoing CEO.
- Engagement of a recruitment agency

Quotations to be obtained from at least 3 recruitment agencies and each agency to address the following criteria.

- Resources and methodologies for attracting candidates.
- Track Record
- Ability to support and advise in the recruitment process i.e. position descriptions, selection panel, shortlisting, interviewing and reference and qualification check
- Cost and Fees

It is recommended that the following checklist be followed in relation to the recruitment and appointment of a CEO if Council decides to recruit internally or by the use of a recruitment agency.

CHECKLIST

☐ Develop a profile of the preferred applicant (i.e. desired and essential skills, abilities, knowledge and qualifications).

☐ Approve an agreed salary package (set a suitable salary package that complies with the determination under section 7A of the Salaries and Allowances Act 1975)

☐ Review necessary documentation (contract of employment and position description).

NB: The key provisions to be included in the contract are: an expiry date, performance criteria and reference to the limit placed on the remuneration to be paid should the contract be terminated prior to the expiry date.

☐ Approve a process to be used for the selection and appointment of the CEO (i.e. stages of the process, who is to be involved and to what extent, whether a consultant is appointed and their role in the process).

NB: It is good practice for council to formally adopt a process to ensure transparency, clarity and a shared understanding. Once adopted, the process should be followed unless found to be flawed, in which case a decision should be made to amend the process as soon as possible.

☐ Advertise the position inviting applications from suitably qualified applicants (advertisement to contain information set out in 18A(2) of the Local Government (Administration) Regulations 1996).
☐ Applicants to be short listed (may be undertaken by consultants, selection panel/committee or council).

NB: It is noted that in most cases this is done by the consultants or the selection panel/committee in conjunction with the consultants.

☐ Conduct interviews of the short listed applicants (may be undertaken by consultants, selection panel/committee or council).

NB: This may be done prior to the final decision to appoint if availability of preferred applicant is limited due to travel arrangements etc. If not interviewed by the entire council it is recommended that all elected members meet with the preferred applicant prior to final appointment.

☐ Select preferred applicant/s (make recommendation for council to offer the position to the 1st preferred applicant subject to contractual negotiations, within the designated salary package, including the preliminary performance criteria to be contained in the contract).

NB: If 1st preferred applicant is not accepted or declines the offer, a decision may be made on any 2nd or 3rd preferred applicant in line until an offer and acceptance is reached or until no preferred applicants are appointed (applicants identity may remain confidential until such time a final appointment is made).

☐ Approve the formal and final appointment (must be decision by council that it: (i) believes the person is suitably qualified for the position of CEO; and (ii) is satisfied with the provisions of the proposed CEO employment contract).

NB: Absolute majority decision required for (ii).

13.5 Road Use (RAV Haulage) Agreements Policy

Introduction

The Shire of Yalgoo manages over 1,000 kilometres of local roads, of which the majority are gravel. As at May 2013 less than 200 kilometres of Shire roads are sealed, and most seal is only single lane.

The Shire constructs, maintains and renews these road assets for low volume general traffic with funding from rates, local government financial assistance grants (FAGS), Main Roads through the regional roads group and federal funding through the Roads to Recovery program.

Some of the roads on the Shire’s network are classified under the Main Roads WA network for Restricted Access Vehicles (RAV).

RAV traffic (ie: multi-trailer heavy vehicles) results in significantly increased cost to maintain the road asset, particularly if the road construction is not engineered to sustain such traffic. Wear and tear increases proportionally with the vehicle length, number of trailers, axle combinations and weight of the load carried.

Requests from mines to haul on Shire roads have increased exponentially with multiple potential users in particular for the Yalgoo Ninghan Road.

It is important that the Shire receives adequate compensation from these users to ensure that the Shire can fund construction, maintenance and renewal of its affected road assets.

Objective

This policy establishes the common factors for Road Use (RAV Haulage) Agreements between the Shire and the road user to enable the Shire to process requests efficiently and consistently; and to secure funding from road users to construct, maintain and renew the Shire’s affected road assets to an appropriate standard of safety and access.

Cross Reference 13.4

This policy should be read in conjunction with 13.4 Assessment of CA07 Applications (Restricted Access Vehicles on Shire roads).

Council Strategic Policy

History

Adopted 23 May 2013 by Council decision C2013-0504
Policy Statement

1. Council is committed to maintaining its road assets in accordance with the integrated long term financial and asset management plans and associated policies including 13.3 Road Asset Management Priorities.

2. In principle, Council maintains its road assets for general use, and does not have funding to construct or maintain road assets for heavy haulage by Restricted Access Vehicles (RAV).

3. Where road users apply to Council for a CA07 authority to operate Restricted Access Vehicles on roads in the Shire of Yalgoo that are classified under the Main Roads WA permit network, Council may require the user to enter into a Road Use (Restricted Access Vehicle Haulage) Agreement with the Shire.

4. The Agreement will be a legally binding contract in a standard format that will be developed and updated from time to time under professional advice from the Shire’s engineers and lawyers.
   - Council approval is required if the applicant makes any material modification to the standard agreement.

5. Council will require the other party to the Agreement to bear all costs associated with the Agreement including but not limited to legal fees involved in entering into the agreement, and the cost of all professional and engineering advice.

6. The Agreement will cover the following minimum provisions:
   - Prework: road works that the user agrees to fund and complete before the haulage task commences, in order to prepare the road for the haulage task. The specification for such tasks will be established by the Shire in consultation with engineers and Main Roads as required.
   - Safety Management Plan: the user will be required to prepare and lodge a road safety risk assessment and management plan to the Shire for all of the route that is in the Shire (ie: this will include roads under control on Main Roads WA as well as Shire roads).
   - Bank Guarantee: the Agreement will stipulate lodgement by the user of a bank guarantee, in an amount that is equal to 50% of the estimated annual haulage task payment. The minimum bank guarantee will be $200,000 and the maximum will be $500,000 unless otherwise authorised by Council.
   - Rate: the user will pay to the Shire the amount of 1.26 cents per kilometre per tonne. This rate has been established as at May 2013 in consultation with WALGA using statistics and methodology aligned with Austroads. The rate will be reviewed annually through the Shire’s annual fees & charges setting process, and the Agreement will provide for earlier review of the rate should the amount prove insufficient to maintain the road to an adequate standard.
   - Payment: the user will calculate and pay the amount to the Shire in advance at intervals of no less than quarterly. The first payment will be non refundable in its entirety.
   - Adjustments: the user will provide a report to the Shire after each year of haulage showing the total tonnes and kilometres, supported by documentary evidence (eg: reports to Main Roads, rail/port statistics), against which under/over adjustments will be made in the following invoice.
   - Community Benefit: Council and community believe in principle that mining activities should return a direct benefit to local communities. The Agreement will therefore state how the user will contribute to the Shire’s community programs and/or community infrastructure for the long term benefit of residents of the Shire.
7. The Shire will expend no more than 70% of the funds received by users on construction and maintenance of the road, and will deposit a minimum of 30% in a reserve for the purpose of future renewal of the road asset.

8. Where relevant the Shire may convene, or request the user to convene, user group/s for the purpose of establishing forward works programs on the affected roads and to identify and address safety issues.

9. The costs of administering road use agreements will be apportioned to the cost of maintaining the road; and the Shire executive may elect to engage external professional services to administer the agreements.

Financial Implications

Decrease in mine traffic due to the utilisation of PBS 60 metre road trains may impact in the financial capacity of the Shire.

Strategic Implications

The utilisation of PBS 60 metre road trains instead of the prescribed 53.5 metre road trains will reduce the number of vehicle movements, bring about safety benefits and improved efficiencies.

Comment

The factsheet issued by Main roads Western Australia attached to this report details the advantages of heavy vehicles operators utilising the PBS 60 metre road trains from the point of view of efficiencies and safety. The community will also benefit from reduction of vehicle movements, reduction of harmful emissions and reduction in speed to 90km/hr.

EMR Golden Grove has an agreement with the Shire of Yalgoo in accordance with Policy 13.5 Road Use (RAV Haulage) Agreement Policy and makes annual contributions towards the renewal and maintenance of this section of the Yalgoo Ninghan Road.

It is noted that while an CA07 application has been received from Qube Pty Ltd, the issue of the permit by the Shire be subject to the payment of the relevant processing fee and recovery costs.
