Voting Requirements

Simple Majority

CEO Silvio Brenzi updated Council on the following projects:

**Records Room**
- The old donga from the Museum was re-location to the back of the Administration Office and is ready to be renovated into the new records room.

**New Depot Shed**
- Contractors will be arriving next week Thursday 1 February to make a start on the New Depot shed.

**Town Oval and Multi-Purpose Sports Facility**
- A mandatory meeting was held at the Shire office on Tuesday, 23 January 2018 at 1.00 pm with four tenderers in regards to the Town Oval and Multi-Purpose Sports Facility.

CEO Silvio Brenzi advised he is currently working with Horizon Power about the Power supply, and the original application was quoted for $103,000, he informed Council he is investigating other options in regards to the power supply which is looking a lot better.

CEO Silvio Brenzi advised Council that Requests for Tenders for the Construction and Design of the Town Oval and Multi-Purpose Sports Facility closes on the 14 February 2018. Once the tenders are received and closed a briefing session on the designs of the facility will be arranged for Council comments.

CEO Silvio Brenzi enquired about amending the item of Council Chambers – Table at the next budget review from “Council Chambers – Table” to “Purchase of Electronic Devises for Elected members”. All Councillors agreed to have this reviewed at the annual budget review.

President Cr Joanne Kanny enquired about the Yalgoo Arts and Culture Centre.

CEO Silvio Brenzi advised Council at its next Budget Review Council may need to consider putting a bit more funds to the landscaping for the Yalgoo Arts and Culture Centre.

CEO Silvio Brenzi informed Council that after the budget review a Arts and Culture Committee meeting needs to be called to consider the opening of the centre. Also the Advert for the Vacant seat on the Arts and Culture Committee was advertised in the Midwest Times on Wednesday 10 January 2018, have not received any responses as of yet.

CEO Silvio Brenzi explained the three Capital Works Projects commencing in the Middle of February are;
1. Widening of the Yalgoo Morawa Road,
2. Sealing of the Yalgoo Ninghan Road, extending the seal further south, and
3. Sealing of the Caravan Park, three quotation were received by preferred suppliers.

Cr Gail Trenfield enquired about the Community and Youth centre CLGF 2012-13 unspent funds and asked if there was a timeline for the unspent funds to be spent.

CEO Silvio Brenzi explained the amount listed in the spreadsheet($12,158) unspent portion of grant fund, was actually left over funds from the Community Hub Project back in 2012-13 and that it was spent on shade sails for the water park. So that job should really state in the comments as completed.

Deputy Cr Gregory Payne enquired about the display of the Capital works spreadsheet and if the completed projects listed down be highlighted to show what projects have already been discussed and commented on.
CEO Silvio Brenzi advised Council that the layout of the spreadsheet can be amended and reassured that if questions were to be asked about any projects he would have an answer.

Cr Robert Grinham enquired about the shared use of the Streets CCTV, if the Yalgoo Police was contributing to its bills.

CEO Silvio Brenzi advised Council he had met with Sergeant Nathan Johnson from the Yalgoo Police Station in regards to the shared use of the CCTV, Silvio has also spoke with Neeles from Telstra who is currently making arrangement through WA Police for payments to go directly to Telstra.

Strategic Implications
The strategic significance of telecommunications is identified in the State Planning Strategy which states: “The development of State infrastructure, services and regional centres that employ new telecommunication technologies will enable business growth and efficiency. It will also enable people, resources and information to be linked in ways that reduce the barriers of location and time.”

Shire of Yalgoo Strategic Infrastructure Plan 2013
Section 6 of the Shire of Yalgoo Strategic Infrastructure Plan 2013 identifies the current provision of communication facilities within the Shire. It notes the following: “There is an existing Telstra cable network throughout the townsite and a Telstra exchange within the town which provides telephone services. However, the townsite is outside the coverage area for conventional Telstra Mobile and Internet Services”.

As such it is expected that the proposed facility will provide an increase in these services and provide and will especially be beneficial to emergency services and other stakeholders within the coverage area. It is also noted that this application is potentially one of several similar facilities that are intended to be deployed within the Shire of Yalgoo local government area and a broader strategic consideration should be had when determining the outcome of the application at present.

Policy Implications
The Shire of Yalgoo does not have a specific Telecommunications Local Planning Policy

State Planning Policy 5.2 – Telecommunications Infrastructure
The objectives of this policy are to:
- Facilitate the provision of telecommunications infrastructure in an efficient, cost-effective and environmentally responsible manner to meet community needs;
- Manage the environmental, cultural heritage, visual and social impacts of telecommunications infrastructure;
- Ensure that telecommunications infrastructure is included in relevant planning processes as essential infrastructure for business, personal and emergency reasons; and,
- Promote a consistent approach in the preparation, assessment and determination of planning decisions for telecommunications infrastructure.

It is considered that this proposal is consistent with these objectives.

Financial Implications
Should Council resolve to refuse or conditionally approve this proposal; an applicant aggrieved by a determination of the local government in respect of the exercise of a discretionary power under the Scheme may appeal under Part 14 of the Planning and Development Act. Such process would incur legal costs.
**Legal and Statutory Implications**
The Planning and Development Act 2005 and its Regulations provides for the creation of a Local Planning Scheme.

The Shire of Yalgoo Local Planning Scheme No. 2 (the Scheme) provides the mechanism for protecting and enhancing the environment of the district and its historical associations, controlling land and building development, setting aside land for future use as reserves and other matters authorised by the Planning and Development Act 2005.

Under the Scheme the proposed “telecommunications infrastructure” land use is not listed. Accordingly, under Clause 4.4.2 of the LPS2 - If a person proposes to carry out on land any use that is not specifically mentioned in the Zoning Table and cannot reasonably be determined as falling within the type, class or genus of activity of any other use category the local government may —

a) determine that the use is consistent with the objectives of the particular zone and is therefore permitted;

b) determine that the use may be consistent with the objectives of the particular zone and thereafter follow the advertising procedures of clause 9.4 in considering an application for planning approval;

or

c) determine that the use is not consistent with the objectives of the particular zone and is therefore not permitted.

The land is identified as being a Local Reserve, which under Clause 3.4 of LPS2: a person must not —

a) use a Local Reserve; or

b) commence or carry out development on a Local Reserve, without first having obtained planning approval under Part 9 of the Scheme.

In determining an application for planning approval, the local government is to have due regard to —

a) the matters set out in clause 10.2; and

b) the ultimate purpose intended for the Reserve.

With respect to the above, it is considered that the proposed land use of ‘telecommunications infrastructure’ would not compromise, the ultimate purpose intended for the reserve. Nationally, telecommunications infrastructure is governed by the Telecommunications Act 1997. This is the overarching legislation. The main effect of this legislation is that there is a requirement for telecommunications infrastructure to comply with State (and local) planning and environmental approval procedures.

Should Council decide to refuse the application, it is likely that the matter will be sent to the State Administrative Tribunal (SAT) for review. Additionally, refusal of an application made under the National Black Spot Program has the potential to impact the future development and rollout of similar facilities required for the network operation throughout the area.

**Risk Implications**
As noted above, an applicant aggrieved by a determination of the local government in respect of the exercise of a discretionary power under the Scheme may appeal under Part 14 of the Planning and Development Act. Such process would incur legal costs.
Social Implications
The Shire of Yalgoo currently has many mobile black spots within its boundary. Poor reception in remote areas can be problematic for social connectivity and can also hamper the ability to communicate during emergency situations.

Effective telecommunications are deemed to be an essential community service, vital to successful growth, development and safety. The proposed facility will provide terrestrial mobile voice and high-speed wireless data broadband to improve highway and town-to-town coverage to the rural communities, tourists and travellers in the locality.

Environmental Implications
It is advised that the construction of the proposed guyed mast and associated ancillary development is unlikely to have a significant effect on the surrounding environment. Any possible impacts can be appropriately addressed through the existing planning framework. The proposed site is not recorded in the DPaW mapping system as “Environmentally Sensitive Area” or forming a part of any significant Regional Ecological Linkages.

Note 5 of Drawing Sheet No. S1-1 identifies that vegetation within the compound area is to be cleared as part of the application in order to minimise any snake activity. Should substantial clearing be required approvals from the relevant authorities would be required to be obtained prior to the works taking place. Additionally, it is recommended that should any wildlife, including snakes, be identified at the site that a suitable and qualified professional be commissioned for the safe relocation of the animals.

While the proposal has the minimal impacts to the surrounding natural environment, it is recommended that during construction all care is taken to ensure that native wildlife is not interfered, erosion does not occur or is not likely to occur once the construction is complete and that any damage and rubbish created by the construction is appropriately remediated.

Economic Implications
There are no adverse economic implications envisaged from this report.

Conclusion
There is strong State policy support for telecommunications facilities if, when balancing improved telecommunications services with environmental impacts; including for example, visual impact and flood or fire hazard, a particular proposal provides a net community benefit.

The proposed works will provide the community with reliable 4G access which in turn supports the various rural pursuits in the region and forms part of a wider plan to ensure reliable and accessible coverage during emergency situations such as bush fires.

The proposed telecommunications facility as part of the National Mobile Black Spot Program will provide improved coverage services within the Shire and will provide an overall benefit.

Under Clause 10.3 of the Shire of Yalgoo Local Planning Scheme No.2, in determining an application for planning approval the local government may –
   a) Grant its approval with or without conditions; or
   b) Refuse to grant its approval.

In this instance, it is considered that the application appropriately meets all statutory requirements and is therefore recommended that approval be granted subject to relevant conditions.

**Matter for Consideration**

Council to consider an amendment to the Shire of Yalgoo Local Planning Scheme No.2 (LPS 2), to reclassify two parcels of land within the Yalgoo townsite identified as Lot 65 (No.42) and 66 (No.44), Gibbons Street, Yalgoo, from ‘Public Purposes’ to ‘Residential (R10)’.

The proposed Scheme Amendment shall be known as Amendment No.2.

**Proposal**
The proposed Scheme Amendment seeks to reclassify Lot 65 (No. 42) Gibbons Street and Lot 66 (No.44) Gibbons Street, Yalgoo from ‘Public Purposes’ to ‘Residential (R10)’ as indicated on the Scheme Amendment Map.

This amendment is proposed following a request by the landowner of the above lots to the Ombudsman of Western Australia. The subject land was previously zoned Residential R10 under the former Town Planning Scheme No.1 and was reclassified to Public Purposes as part of a Scheme Review process in 2010. On reflection, this reclassification was an administrative error with no intent by the Shire to pursue public purpose land uses on this freehold site. accordingly, this amendment seeks to revert to the previous Residential R10 zoning.

Based on pre-lodgement advice from the Department of Planning, Lands and Heritage, this amendment is considered a ‘standard amendment’.

A copy of the LPS Amendment Maps is attached.

**Consultation**

As part of the preparation of the Amendment No.2, liaison with the A/Planning Director (Mr Justin Breeze) from the Department of Planning, Lands and Heritage was undertaken, during which it was confirmed that an application of this nature would be considered a ‘standard’ amendment. This is due to the following:

a) The Amendment is considered to have minimal impact on land in the scheme area that is not the subject of the amendment;

b) The Amendment does not result in any significant environmental, social, economic or governance impact on land in the scheme area; and

c) The Amendment is not considered to be either complex or basis in nature.

Assuming Council’s resolution to initiate Amendment No.2, statutory advertising will be undertaken in accordance with the Planning and Development (Local Planning Schemes) Regulations 2015, Regulation 47(1), for a period of 42 days.

**Strategic Implications**

Amendment No. 2 is consistent with the Shire’s Strategic Community Plan and all relevant State and Regional policies in that it will revert land back to residential in order to facilitate the opportunity to increase population and housing stock in the Shire, in appropriate locations.
**Policy Implications**
Nil

**Financial Implications**
All costs associated with the preparation and advertising of this amendment have been borne by the Shire. This includes engaging the Shire’s Planning Consultant, Urbis, to prepare and monitor the application.

**Legal and Statutory Implications**

**Local Government Act 1995**
s.3.1 (1) The general function of the local government is to provide for the good government of persons in its district.

**Planning and Development Act 2005**

*Part 5, Section 75* states that - A local government may amend a local planning scheme with reference to any land within its district, or with reference to land within its district and other land within any adjacent district, by an amendment —

a) prepared by the local government, approved by the Minister and published in the Gazette; or

b) proposed by all or any of the owners of any land in the scheme area, adopted, with or without modifications, by the local government, approved by the Minister and published in the Gazette.

Should initiation be granted to the proposal, the prior consideration by the Environmental Protection Authority (EPA) is required. Where the EPA advises that the proposed amendment need not be assessed on environmental grounds, the amendment would then be advertised for a period of not less than 42 days for agency and public comment. Following advertising, Council will be required to reconsider the proposal as well as any submissions received.

**Shire of Yalgoo Local Planning Framework**

A summary of the key local planning considerations is provided below:

- Shire of Yalgoo Strategic Community Plan 2013-2023 - Amendment No.2 is generally aligned with the key objectives of the Shire’s Strategic Community Plan. The reclassification of the subject sites will deliver access to additional residential land within the townsite.

- Local Planning Scheme No.2 – Amendment No.2 seeks to correct an administrative error that was borne out of the Shire’s Scheme Review process. The reclassification is considered to be generally in accordance with the overall aims of the Scheme, in particular to provide for future residential land use needs and townsite expansion.

  It is also noted that future development applications within each Amendment area will need to have due regard to the specific provisions of the Residential zone and broader provisions within the Scheme.

- Shire of Yalgoo Municipal Heritage Inventory – Lot 65 is included within the Municipal Heritage Inventory. Accordingly, any future applications relating to the subject site should have due regard to the protection and enhancement of the heritage site, given its historical significance.
Voting Requirements
Simple Majority.

CEO Silvio Brenzi advised Council this was budgeted because the Ombudsman saw an error on how this was processed back in 2002, and that the owner of Lot 65 and 66 Gibbons Street was concerned and upset that she was not consulted properly therefore fund were put in the budget to handle this process.

Cr Robert Grinham enquired about the Tools bought for the Men’s Shed and asked if the tools was retained for later use.

CEO Silvio Brenzi confirmed the tools were brought for the Men’s Shed to be used.

Cr Gail Trenfield enquired about the Cr Percy Lawson meeting fees in December 2017 and asked why he was not paid for the Ordinary Meeting as he had received payments for the Audit meeting and his communication allowance.

CEO Silvio Brenzi advised Cr Lawson requested to be paid prior to Decembers ordinary meeting that’s why he did not claim.

Cr Tamisha Hodder enquired about the payment to Inspirations Mullewa (Catering for the Shire Council function and children)

CEO Silvio Brenzi explained the payment was for the catering for the end of year Council Christmas party and also the end of year children’s Christmas party.

Cr Gail Trenfield raised her thoughts about not using local business and feels that if we stop using them we may lose them.

President Joanne Kanny suggested that a review to the Shire’s policy should be look at as to local business getting priority over external business to supply and deliver catering for community events.

CEO Silvio Brenzi advised Council that the Shire of Yalgo does not have a Bi-local policy as to only using Local Businesses, Mr Brenzi reassured Council the Shire is more than happy to use Local Businesses but in this case the two quotes that was received, Inspirations Mullewa, deemed more appropriate as the price was for 2 Shire functions not just one.

CEO Silvio Brenzi advised Council that a draft policy will be tabled at the February meeting, Mr Brenzi would also speak with Sean Fletcher (consultant) to have a bi-local policy drafted in regards to using Local Business for community events for Council to make comment at next months meeting.

**Tidy Towns Yalgoo State final winners for General Appearance**

Yalgoo has taken out a Tidy Town’s Sustainable Communities 2017 award, scooping the highly converted prize from the line-up of hopefuls from across the State. The community from young children to MEEDAC workers along with Shire employers have been working hard to improve the appearance of the Shire Community Hall and the town utilising recycled timber, making pathways out of old bricks creating colourful mosaic paths and painting recycled concrete containers. Planting herb and vegetable beds and areas for screen planting, bush tucker plants, shaded seating and fruit trees. Due to the frequent clean-ups and litter education, the streets are tidy and nature strips are well maintained. The new playground, Arts & Cultural Centre and Sports Oval will enhance Yalgoo community and bring pride to the township and wider community.

**Community meeting Tuesday 5th December 2017**

Held at the community hall at 4pm

Service provider’s, Councillors and locals attended the community meeting. See attached minutes

Children’s Environment & Health Local Government Report Card Project 2017

Shire of Yalgoo received recognition of commendable strategies in Nature Play 2017. The Shire has supported the introduction of a nature play area for the local children by providing the man power and resources. It is great to see the community come together to work on this worthwhile project, a community styled garden and educational opportunities have been taken advantage of. Adopt a “Helmet” project and the partnerships between services have formed the next phase implemented. Reinforcing the consequences of not wearing a helmet is a powerful message to children. The award was presented to the CEO Silvio Brenzi in Perth on the 8th of December.

Shire Christmas Break up 15-12-2017

The Shire Christmas party was held up at the Railway complex, we started decorating the hall at 3-30pm which gave us about 2 hours to get the decorations up, tables and chairs set up, food, drinks, the BBQ sorted, and entertainment set up before the Shire workers and Council members and their partners started to arrive. We had a good turn out with everyone yarning along with background music. Dinner was ready by 7:30pm and with everyone seated Silvio thanked us all for the hard work and goals achieved throughout the year. Both Neil Grinham and Raul Valenzuela were acknowledged for their outstanding contribution to the people of Yalgoo and the wider district over many years. Councillor Greg Payne addressed us all in the absence of Yalgoo President Jo Kanny. Once speeches had concluded the party really started. Music dancing, singing and laughter could be heard in the township. A productive fun evening had by all whom attended.

Yalgoo Shire EMR Golden Grove Children’s Christmas Party 17-12-2017

The Shire organised another successful Christmas party for the children of Yalgoo and pastoral owners. Setting up tables and chairs, placing presents under the tree, wondering if the weather would hold up for our excursion to Mullewa pool in the afternoon. The hall and BBQ was set up but unfortunately due to bad weather we cancelled the excursion to Mullewa pool. The church service held by Pastor Darrin and David whom also bought in blankets and secondhand clothing for the locals. We had 60 + children parents and grandparents attend sitting patiently listening and joining in with the singing and videos shown by Darren. Councillor Percy became our stand in Santa and Tamihana played the Elf whom assisted in giving out the presents. This made a dull wet day seem fun with humour and cheeky behaviour, the looks on the children’s faces seeing Santa made for great photos. Parents and grandparents took photos whilst enjoying the morning’s events. 84 participants signed during the morning in the register book. We served up morning tea then sent the children home as the hall was cleaned and waited for Michelle Hodder to bring the food back from Inspirations in Mullewa. Everyone returned for dinner at 4pm. We would like to thank our entire parent volunteer group LDAG group for all their help setting up morning tea and dinner, serving and cleaning up the hall on the day.

A big thank you to Inspirations in Mullewa for supplying the Shire with enough food to cover the Shire break up party and Shire children’s Christmas party. Mick Davies Meats in Geraldton for supplying us with enough meat to cover 2 events including Australia Day and the children school holiday program this year. Thanks to all the parent volunteer group for helping us organise clean and prepare for these events and programs.
